Come and see what’s possible

UNSW is where students gain the skills and experience necessary for success in their lives.

We offer a finely tuned combination of theory and practice delivered by high quality teachers in state-of-the-art facilities. Internships are also on offer for students looking for that invaluable look inside of an organisation. Our approach to teaching and learning is why many UNSW students go on to become high achievers in their fields.

Launched in September 2015, the Michael Crouch Innovation Centre (MCIC) is a platform for innovation at UNSW. The Centre will boast a state-of-the-art fit out, including a ‘makerspace’ with 3D printers and a multifunctional workspace where students will be encouraged to design, experiment and build physical prototypes.

The MCIC will be offering a co-curricular program focused on foundational and experiential learning, lead by experts and corporate partners. The program aims to help students launch their innovative concept or continue their development.

Aspiring ‘intrapreneurs’ can take up further study opportunities, while aspiring entrepreneurs have a pathway to our Student Entrepreneur Development team, who have helped launch a number of successful start-ups.

The MCIC is a place where current students and recently graduated alumni can generate ideas, meet like-minded visionaries and network with corporate partners to turn their ideas into commercial ventures. Such outstanding dedication to innovation has caught attention worldwide and we want you to be involved.

Innovators, entrepreneurs and intrapreneurs should visit: mcic.unsw.edu.au

Research is in our DNA

We’ve been breaking new ground from the very beginning.

UNSW was established in 1949 with a single-minded scientific focus. Our curriculum may have broadened since, but the desire to innovate, uncover new ways of doing things and improve the world we live in still drives us today.

We conduct research across a wide range of areas, but we invest considerable resources in particular areas where we believe we can make the biggest difference.

We’re an acknowledged world leader in photovoltaics, HIV/AIDS research and quantum computing. Some of our other research strengths include biomedical sciences; water, environment and sustainability; next-generation materials and technologies; social policy; government and health policy; information and communications technology; robotics and devices; and business, law and economics.

The corporate capital of Australia

The business and intellectual capital of Australia, Sydney is home to more global firms than any other Australian city. Sydney is known as a global city, home to multinational companies and a hub for international trade. The city is consistently ranked as one of the most desirable places to live and work in the world. Sydney is where great minds do business.

Sydney – one of the world’s best cities

Australia’s largest city and business capital, Sydney is known for its ideal climate, relaxed outdoor lifestyle and friendly locals. Located on the south-east coast of Australia, Sydney is surrounded by beaches and its energetic central business district is positioned on breathtaking Sydney Harbour, meaning a water view is never far away. Sydney was crowned the Australian city with the best living standards and ranked among the top 10 best cities in the world, making it the number one choice for international students.

The experience of a lifetime

It’s no secret that Sydney is world-renowned for its picturesque harbours and iconic architecture. World-famous attractions include Bondi Beach, Sydney Opera House, Sydney Harbour Bridge, Blue Mountains National Park, Taronga Zoo, Sydney Fish Markets and Sydney Botanic Gardens.

Endless adventures
Sydney offers a myriad of affordable indoor and outdoor activities. Set off on a beautiful coastal walk, enjoy an Aussie barbeque in a leafy parkland, or ask a local for tips on breathtaking swimming, snorkeling and surfing spots. Sydney is also an ideal base to explore the rest of Australia – it’s easy to hop on a train to the Blue Mountains or fly to Melbourne, the Gold Coast and beyond.

Culture and creativity
For something cultural, visit historic museums, contemporary and traditional art galleries, and experience our world-renowned art, music and ideas festivals. Sydney is a fun and inspiring city to explore and study in.

Food and shopping
Sydney is famous for its vibrant food scene and café culture. With thousands of restaurants, cafes and bars, the diversity of cuisine and fresh food is outstanding. Sydney also boasts excellent shopping. From local fashion boutiques and weekend markets to large shopping centres, there is something for everyone.

Sydney’s climate
Summer runs from December to February, autumn (fall) from March to May, winter from June to August, and spring from September to November. Generally, Sydney boasts a comfortable temperate climate. The hottest months are January and February, while Sydney’s winters are mild.

Getting around
The easiest way to travel to and from UNSW is by modern public buses and trains. In some areas, Sydney is also serviced by ferries and trams. Sydney is an easy city to explore by foot.

Private accommodation options
Private accommodation options give students the chance to experience an independent lifestyle, with complete control over expenses, housemates and location.

Rental property
Rental property There are lots of properties available for rent in the suburbs surrounding the university. Costs vary according to the number of bedrooms, condition and location. When renting, you can expect to sign a 6 or 12-month lease and pay rent in advance, plus a security deposit called a ‘bond’. Rental properties can come furnished and unfurnished and additional expenses like electricity, gas, telephone and Wi-Fi are not included. Costs vary, but usually range from A$150 – A$300 per student per week in a shared house.

Homestay - Full board and room-only
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person plus breakfast and dinner, and some may also include bed linen, a laundry service and weekly room cleaning. Single room-only homestays include a furnished room, gas and electricity expenses, and you’ll be responsible for providing your own food, cooking, cleaning, laundry and telephone costs. Costs vary, but usually range from A$180 – A$305 per student per week.

UNSW Institute of Languages
If you do not meet the English language requirements to study at UNSW, one option is to study English intensively at the UNSW Institute of Languages prior to enrolling as a Study Abroad or Exchange student.

The UNSW Institute of Languages offers a wide range of courses, developed and delivered by highly-qualified and experienced teachers who are specialists in teaching English. They are committed to helping students develop the English skills they will need for their academic and career success.

The Institute provides first-class facilities including modern, well-equipped classrooms, computer and language laboratories and Learning Support resource centres. Studying at the UNSW Institute of Languages provides a range of advantages including the highest standard of English language education, and access to UNSW resources, accommodation and student support services.

For further information on your options at the Institute of Languages, visit our website at languages.unsw.edu.au, or contact us at admissions@unswglobal.unsw.edu.au.
Supporting services and student life

Our students tell us we are one of the friendliest universities in Australia — UNSW is a place where you will feel at home. We have modern facilities, societies and social clubs, and an extensive range of dedicated support services you can rely on.

Arrival support
From picking you up from the airport, running orientation events and taking you on campus tours, we make sure you feel orientated, safe and well connected. Our dedicated International Centre will be available to help you find all the information you need to settle in.

Academic support
As a UNSW student, you will get access to free online resources, academic skills workshops and series, individual consultations with peer writing assistants, exam preparation tips and much more - simply book an appointment online.

Language and conversation skills
Improve your English language skills by taking up one of the many programs, workshops, weekly conversation classes or discussion groups available. We also offer one of Australia’s leading and most popular language exchange programs. Get matched with other people who speak a language you would like to learn and, in return, teach them a language that you speak.

Clubs and societies
Joining a club or society is the best way to make new friends. Choose from over 250 student-led clubs and social societies across a range of interests for food lovers, Islamic awareness, running, electrical engineering and telecommunications, biology conservation, the Indonesian community and more.

Student advisers
Make an appointment with our Study Abroad and Exchange team at any time for personalised advice and information about life at UNSW.

Study areas
Work on your assignments at one of our many indoor computer labs or outdoor study areas, complete with power outlets to charge all your devices. Stay connected to your friends and family with free Wi-Fi throughout the campus.

Looking after your wellbeing
Through our Counselling and Psychological Services (CAPS), you’ll have the opportunity to talk to a professional counsellor who may be able to assist or help you resolve or manage your situation.

Student association
Arc is our student association - it’s run by students for our students. Joining Arc is a great way to get involved. You’ll find out about parties and events, and get discounts from partner organisations, free legal advice and assistance with finding a part-time job.

Religious facilities
Our interfaith religious centre is provided for all UNSW students. Chaplains conduct worship services, lead Bible Studies, hold prayer meetings and offer spiritual counselling. The Islamic Society has an Imam in attendance with meeting and prayer rooms available.

Staying safe
Your time at UNSW will be a fulfilling and enjoyable experience in a safe and friendly environment. Our security service provides a 24-hour comprehensive presence across the campus.
Arriving at UNSW

Orientation
Orientation is compulsory for all students and ensures that students are correctly enrolled and settled before the commencement of studies. It is also a great opportunity for you to meet other students, attend social activities and get to know Sydney.

Final grades and transcripts
Where applicable, we will send copies of your academic transcript to the office at the university responsible for your program. As we are unable to release your transcript if you have any outstanding fines (eg library fines), it is advisable to pay any fines prior to departure to avoid delays in receiving your transcript.

Transferring credits to your home university
Each university has its own process for transferring credits. Please consult your home university for details.

Academic Calendar
The academic year in Australia coincides with the calendar year and is divided into two semesters, each containing 13 weeks of teaching followed by the examination period. Orientation Week (O-Week) is the week preceding Week 1 and includes Faculty Welcomes and student activities. Semester One normally commences in late February and finishes in June. Semester Two starts in mid-late July and finishes in late November. You should include orientation week and examination weeks when arranging your study at UNSW as it is not possible to arrange changes to the examination timetables. my.unsw.edu.au/student/resources/AcademicCalendar.html
