Experience UNSW Sydney

Every new experience today shapes your tomorrow

Success is a journey. Take a path that offers exciting opportunities along the way. At UNSW Sydney, we provide outstanding experiences so you can reach your full potential and build your future career.

UNSW is an internationally acclaimed teaching and research powerhouse with three modern campuses, giving you a learning experience packed with academic programs, student activities and educational services.

Working within our top 50 university, our academics are recognised as global leaders in their fields. Our students study in world-class facilities, interact with industry leaders, and apply the latest research to real-world situations.

You will learn to challenge traditional thinking, to push boundaries, and to be innovative. We make sure our graduates have both the theory and practical experience they need to graduate and join our alumni community achieving incredible things around the globe.

We are proud to be ‘Australia’s Global University’, placed among the world’s best. Through our 2025 Strategy, we are deepening our research and teaching, partnering with more governments and universities, and transforming the lives of people around the world.

Choosing your university is an important decision. We hope you take the leap to join our community and discover a wealth of opportunities at UNSW.
UNSW Sydney is passionate about making our graduates more employable – and that’s why our Advantage Program offers more than 450 professional development and volunteer opportunities to boost your skills and confidence.

As an international student, these experiences will give you experience of Australian workplace culture, improve your career networks and help you stand out from the crowd when applying for jobs in the competitive job market.

Many international postgraduate students take advantage of the Professional Development Program which is tailored to teach lifelong career skills. The program also features a work placement within UNSW that provides work experience in a professional workplace.

David Zhu, a Master of Professional Accounting student from China, says: “In my studies at UNSW, I have gained the required technical knowledge in my field, and through the other experiences my communication and employability skills have been improved. And I can use that as the keys to open the door to jobs when I leave UNSW.”

Other career-boosting experiences with the UNSW Advantage Program – which are all credited on your official Australian Higher Education Graduate Statement – include GlobalScope (featuring work experience on a real-world business project), Interchange (to help those wanting to become entrepreneurs) and Career Mentoring (putting you in direct contact with an experienced professional in your field).

To find out more about the UNSW Advantage Program, visit student.unsw.edu.au/advantage.

“The programs at UNSW have definitely helped give me the skills and knowledge to stand out from the crowd.”

MARSEL RABAЕV (RUSSIA)
Master of Engineering Science

“I chose UNSW because it is one of the best universities in Australia. I would highly recommend UNSW to anyone. It’s not only a good place to study, but also very supportive to international students with many programs to help them develop in every aspect.”

JIANG ZHU (CHINA)
Master of Professional Accounting

“I am much more confident after doing all those programs when it comes to presenting myself properly, whether on my resume or on LinkedIn or during networking events.”

APURVA BORA (INDIA),
Master of City Planning

“At UNSW you are very well supported in your transition from university into your career.”

EVENA WONG (MALAYSIA)
Master of Design
Our global reputation

Global employers of UNSW alumni. Data sourced from LinkedIn
One of the country’s largest research communities with approximately 4,500 dedicated research students.

The Torch Innovation Precinct brings together industry, entrepreneurs, investors, and policy makers from around the world. These networks allow us to facilitate the transition from innovation to research and development to realisation.

12 Australian Research Council Centres of Excellence.

UNSW graduates the highest number of tech startups in Australia and boasts the most extensive entrepreneurship support through the UNSW Founders Program.

Define the future with research and innovation

We transform clever ideas and research discoveries into successful innovations to benefit society, the economy and future generations.

We conduct research across a wide range of areas. We invest considerable resources in areas where we believe can make the biggest difference, such as:

- **Solar power (photovoltaics)**: We hold the world record for the conversion efficiency of a silicon solar cell, and we are home to one of the world’s fastest solar-powered cars.

- **Clean drinking water**: We created membrane filtration technology to filter water that is now used in taps around the world.

- **Population Ageing**: We are developing economic and health policy frameworks for government and industry to sustainably manage this global challenge.

- **HIV/AIDS**: Since diagnosing Australia’s first case of HIV, we have been involved in the development of every existing antiretroviral HIV drug.

- **The world’s first quantum computer**: Using silicon, we are one of the global leaders in the race to build a quantum computer.

Supporting entrepreneurs

UNSW offers Australia’s most comprehensive university entrepreneurship program. The Founders Program embeds entrepreneurial skill building within the university community at scale, while also identifying and supporting exceptional entrepreneurial talent to launch start-ups with global impact.

The program offers:

- Foundational workshops, masterclasses and hackathons to instill entrepreneurial skills and confidence in budding entrepreneurs

- Pre-accelerator programs, such as the Founders Start, Launch and Grow for those looking to refine and test their business proposition

- New Wave Founders, a program that offers tailored opportunities for female entrepreneurs

- Global Founders, a program to help launch founders into foreign markets

- FounderLab, a world-first on-campus program that offers technical development and support for non-technical founders

- Founders 10x Accelerator, our flagship 10-week intensive accelerator program for 10 high-impact startups

For more information, visit founders.unsw.edu.au.
Experience Sydney, one of the world’s best cities

The business capital of Australia
Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city attracts great minds and is known for its ideal climate, relaxed outdoor lifestyle, and friendly locals. It’s no wonder Sydney was voted the 10th-best city in the world to live and work.*

*Mercer Quality of Living Survey, 2018
Student friendly

Sydney is a diverse and cosmopolitan city. It ranked 9th best city in the world in the QS Best Student Cities Index 2018. The Harbour City is not just a destination but a life experience. World-class performances, spectacular events, and stunning landscapes await you in a city where there is as much to do at 7am as 11pm.

Love Sydney for less

There are endless affordable indoor and outdoor activities to enjoy in Sydney. Visit free art galleries, watch a movie at the local cinema, set off on a coastal walk, enjoy a barbecue in the park, go snorkelling or surfing at the beach, or have a cheap lunch or dinner in our neighbouring suburbs.

Surrounding areas

UNSW is in the leafy Eastern Suburbs, minutes away from Coogee Beach and Centennial Park. The surrounding suburbs of Kingsford, Randwick, and Maroubra are full of cafes and restaurants offering an impressive range of international cuisine, reflecting the area’s diversity.

Outside Sydney

Catch a train to the Blue Mountains for some fresh air, go north or south along the coast for quiet and stunning beaches, or head inland for Australian rural life. And you can always take a plane to Melbourne, the Gold Coast, New Zealand, or Bali, just like the locals.

For more information, visit international.unsw.edu.au/sydney-worlds-best.
Tailor your studies to suit you!

We want you to enjoy a flexible study experience at UNSW, so we have introduced UNSW3+, a new and innovative academic calendar.

UNSW3+ features three standard 10-week teaching terms plus an optional five-week summer term.

You will study eight courses per year which means you can enjoy a lighter study load of just two courses during one of the terms. It may be possible for you to complete nine courses per year (three courses per term) and take a reduced load of seven courses in a subsequent year.

This gives you more opportunities to get involved outside of your studies, to complete an internship or build your networks to make you more employable!

From 2020, some undergraduate and postgraduate degrees will have three intakes - Term 1 (February), Term 2 (June) and Term 3 (September).

Check the UNSW Degree Finder for up-to-date information at degrees.unsw.edu.au.

The UNSW3+ calendar dates for 2020 and beyond can be found at student.unsw.edu.au/calendar.

Maximise your career potential

Our extensive career development services can help you gain practical workplace skills, obtain professional experience and develop a plan for global career success.

UNSW Careers and Employment

Employers seek well-rounded graduates who can demonstrate relevant studies, work experience and extra-curricular involvement. Our dedicated Careers and Employment team helps students gain practical workplace skills, obtain professional experience and develop a plan for global career success. At any time during your degree, you can attend free seminars, access online resources or book a one-on-one appointment with a professional careers consultant. You’ll also have access to the Careers and Employment Office up to 18 months after completing your degree. For more information, visit careers.unsw.edu.au.

Professional Development Program for International Students

As a student, you can take advantage of a professional development program tailored to give you hands-on experience in a professional workplace. The program includes a three-day seminar covering topics such as business communication, employer expectations and recruitment processes. You also have the opportunity to complete a 50-hour workplace experience in offices located throughout UNSW.

• Get hands-on experience and confidence in a professional setting
• Improve your job application and interview skills
• Learn about employer expectations in the Australian workplace
• Improve your business communication and business writing skills.

For more information, visit student.unsw.edu.au/pdp.

International Students Careers Week

A week of seminars, panels, and online events highlights the global opportunities available to international students. You can meet with international employers, create beneficial networks, and learn valuable recruitment tips from employers and alumni. For more information, visit student.unsw.edu.au/careers-week.

Internships

UNSW offers Internships through Work Integrated Learning (WIL) opportunities as part of many of our degrees. These opportunities can be credited towards your degree – giving you valuable insights into your industry’s workplace culture and helping build a range of skills focused on your specific area of study. WIL provides you with specific work experience as part of your degree. Check with your Faculty Student Centre for full details of what is available.

Careers Expo

Held twice a year, our Careers Expo is a chance for students to meet and discuss potential employment and internship opportunities with over 100 participating employers, including BHP Billiton, Shell, Commonwealth Bank of Australia, Deloitte, HSBC, Microsoft, IBM Australia, and many more. For more information, visit student.unsw.edu.au/expo.

International Student Employability Guide

This employability guide is designed specifically for UNSW international students. It provides tips on how you can become more employable and includes the resources and programs available to you as a UNSW student. It also features profiles of successful UNSW international alumni which will guide and inspire you on how you can make the most of your time at UNSW. For more information, visit student.unsw.edu.au/international-student-careers.

Offshore networks

UNSW maintains offices in China, India, and Indonesia as well as staff posted around the world in North America, Europe, Africa, and South East Asia. Our overseas staff have relationships with leading industry partners to promote the UNSW brand and ensure insights from companies around the world inform our programs. For more information, visit international.unsw.edu.au.

Professional skills programs

Employers expect graduates to have strong analytical and problem-solving skills, which are vital in many industries. Gathering information, analysing it, communicating with others, utilising logic and imagination and working well in a team are all skills that help solve problems. UNSW will help you enhance your skills thanks to programs such as, Interchange and UNSW Hero Program which require students to consider and address real-world business issues. For more information, visit student.unsw.edu.au/programs.
UNSW has among the largest student housing capacity in Sydney with award-winning accommodation on and off campus. Live within walking distance of your lecture halls, meet people from around the world, and make lifelong friends. Alternatively, find your own home in the neighbouring Eastern Suburbs or by the beach.

**Accommodation at UNSW**

**Colleges**
Colleges provide a choice of full board, partially catered, and self-catered accommodation. There is also a range of gender-specific options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher, and vegetarian.

**Apartments**
Apartments offer independent-style living for undergraduates, postgraduates, couples, and families with children. There are apartments on and off campus and costs vary depending on the number of rooms and the location.

You should organise your university accommodation early as places book up quickly. Go to accommodation.unsw.edu.au for information about accommodation on the UNSW Campus.

**Private accommodation options**

**Rental property**
There are many private rental properties in the suburbs surrounding UNSW. Costs vary according to the number of bedrooms, the condition, and location. When renting, you usually sign a six or 12 month lease and pay rent in advance plus a security deposit called a bond. You can rent a furnished or unfurnished property and generally there will be additional expenses such as electricity, gas, telephone and Wi-Fi. Costs vary but usually range from A$150 – A$300 per student per week in a shared house or apartment.

**Homestay (full board and room-only)**
Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person, plus breakfast and dinner. Some also include linen, laundry service, and weekly room cleaning. Single room-only homestays include a furnished room, and gas and electricity expenses in the rent. You will be responsible for buying your own food, cooking, cleaning, and laundry and telephone costs. Costs vary but usually range from A$250 - A$350 per student per week. Search our database of locally listed private properties at studystays.unsw.edu.au.

**Temporary accommodation**
If you haven’t confirmed your university accommodation before you arrive, we recommend you allow three to four weeks before classes begin to look for private housing, settle in, and attend orientation sessions. Be sure to book short-term accommodation first, then look for long-term options in person. Short-term accommodation can include private hotels, motels, hostels, lodges, or furnished apartments ranging from A$45 to A$300 per day.

**Private student housing assistance**
Our International Student Housing Assistance (ISHA) team can help you look for temporary or private accommodation if UNSW accommodation isn’t available when you apply. The service is available at the start of each term. For more information, visit student.unsw.edu.au/housing-assistance.

**Under 18s**
Arrangements must be made for students under 18 years of age. These requirements are in line with Australian Government regulations for the care and welfare of international students under 18. For more information, visit student.unsw.edu.au/visa18.

Live on campus, make friends for life
The Kensington Colleges: Basser, Philip Baxter and Goldstein

The Kensington Colleges provide a home and foster a strong community with pastoral care, academic mentoring programs, sporting and regular social events.

Fig Tree Hall

A culturally supportive, alcohol-free college with gender segregated floors and prayer contemplation rooms. Dietary needs can be catered for, e.g. vegetarian, halal.

UNSW Hall

Good value for money and an economical option for students.

Colombo House

Ideally suited to students who enjoy the benefits of an integrated community life as well as their independence.

Creston College

Provides accommodation for up to 25 undergraduate and postgraduate full-time female students.

International House

For full-time students in their second year of undergraduate studies or above.

New College

New College is well-known for its vibrant community, academic excellence, pastoral care and Christian Foundations. Welcomes students of all denominations.

UNSW Village

A range of fully furnished, stylish and contemporary apartments conveniently located on campus.

UniLodge @ UNSW

Only 10 minutes from UNSW Kensington Campus, with a choice of fully furnished studio and shared serviced apartments with 24-hour security and a live-in manager.

Campus facilities
UNSW Sydney’s Kensington campus has everything you need, including dozens of cafes and restaurants, multiple ATMs, a bank, a post office, supermarket, food co-operative, pharmacy, medical centre and dentist, two libraries, a fitness and aquatic centre, and sports fields and courts.

Study areas
Work on your assignments at one of our many indoor computer labs or outdoor study areas complete with power outlets to charge your devices. Stay connected to family and friends with free Wi-Fi throughout the campus.

Clubs and societies
Join a club or society and make new friends. Choose from more than 300 student-led clubs and societies across a range of interests including food, sport, running, debating, conservation, the Exchange Society, and more.

Student association
Arc is our student association – it’s run by students for students. Find out about parties and events, or get discounts from partner organisations, free legal advice, and assistance with finding a part-time job or volunteer work.

Language and conversation skills
Improve your language skills by participating in one of our many programs or discussion groups on campus. We can even match you with a partner who shares your language, while you work on improving your English.

Religion centre
Our interfaith religion centre is for all UNSW students. Chaplains conduct services and study groups, and offer spiritual counselling. The Islamic Society has an Imam and meeting and prayer rooms are available.

Staying safe
To maintain our safe and enjoyable study environment, our security service provides a 24-hour comprehensive presence across campus. With our StaySafe@UNSW free app you can track the night bus and access safety tips, contacts, a newsfeed, and more.

UNSW has a village atmosphere that will make you feel at home.

Be part of a safe and welcoming community
Our students tell us we are one of the friendliest universities in Australia with many support services you can rely on.

UNSW has a range of support and development services to assist you from the time you arrive through to your graduation.

Arrival support
From picking you up at the airport, running new-arrival workshops, and taking you on campus tours, our dedicated International Student Welcome Centre will make sure you feel welcome, safe and well connected, so you can settle in.

Mentoring and Cultural Transition programs
UNSW has many mentoring programs. One of these programs is the Cultural Mentor program, where new students apply to be matched with a Cultural Mentor before they arrive in Australia. Your Cultural Mentor could be an international or Australian student. The program introduces new international students to a senior student “buddy” who will answer questions about UNSW and Sydney before you arrive. After you arrive, you can meet up with your mentor to learn about Australian culture, customs, and being a student at UNSW. Cultural Transition programs include Culture of Oz, the Language Exchange Program, discussion groups, and more.

International Student Advisors
Our International Student Advisors are always here to help you with personalised advice and information about all aspects of your university life, your student visa, your wellbeing, and your academic performance. Our Advisors also run our Under 18 Care Program, supporting younger students throughout their study.

Academic support
As a UNSW Sydney student, you will have access to free online resources, academic skills workshops, individual consultations with peer writing assistants, exam preparation tips, and more.

For more information, visit student.unsw.edu.au/international.

Friendly and supportive.

ENGAGE WITH HUMANITY

UNSW Arts & Social Sciences provides a licence to explore big ideas, new perspectives, and critical social issues with Australia’s sharpest minds.

Boldly creative and intellectually adventurous, we have a proud tradition of producing high calibre graduates who are innovative thinkers and professional frontrunners in contemporary Arts, Humanities and Social Sciences. At UNSW Arts & Social Sciences we offer a range of professionally relevant, socially engaged and intellectually stimulating postgraduate programs which combine time-tested traditions of scholarship with progressive, fresh ways of thinking.

We are one of the most academically energetic and socially engaged faculties of our kind in the Southern Hemisphere. Our high-quality teaching and enviable international research position demonstrates the enduring value of our interdisciplinary scholarship.

UNSW ARTS & SOCIAL SCIENCES

TOP 50 IN THE WORLD
Our academic staff are leaders in their fields and the teaching and research produced within UNSW Arts & Social Sciences is internationally acknowledged for its exceptional quality and relevance. In the 2019 QS World University Rankings by Subject we were 40th in the world for Social Sciences and 45th for Arts & Humanities.

STONG INDUSTRY AND CULTURAL PARTNERSHIPS
UNSW Arts & Social Sciences has a strong network of community and industry connections including links to government agencies, professional bodies, cultural institutions, and corporate and community organisations.

We are a major partner with two of Sydney’s largest cultural festivals, the Sydney Writers’ Festival and the Sydney Film Festival, providing our students with opportunities to gain invaluable industry experience via internships, volunteering and networking with world-class professionals.

Many of our professional development degrees also provide professional accreditation.

EXPERT TEACHING
You will be taught by industry experts and world-class scholars. In this environment, you will develop the capacity to make an informed engagement with pressing national and global issues.
Applied Linguistics

Master of Applied Linguistics (8236)

Duration: 1.7 year or 2 years
Entry: February and September
Estimated first year tuition A$35,280
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Do you have a deep interest in the workings of language? The Master of Applied Linguistics is a professionally relevant degree for students interested by the complex relationship between structural and functional elements of language and its social, cognitive and cultural manifestations, who wants to expand their knowledge and abilities in linguistics.

Entry requirements
There are three durations of study:
2 Year Program (36 UOC)
• Bachelor degree (or equivalent qualification) with a record of academic achievement equivalent to a UNSW credit average of (85%)

1.7 Year Program (72 UOC)
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (85%); or
• Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (85%); plus one year of relevant professional experience; or
• Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (85%), plus one year of relevant professional experience.

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant disciplines include: Linguistics, Languages, TESOL, Cognitive Science, Speech Pathology, Interpreting and Translation, and Health Sciences.

Relevant professional experience includes:
Work in a language-related area including teaching English as a second or foreign language or a language other than English, translating and interpreting, curriculum design, and other appropriate language professions.

Development Studies

Master of Development Studies (8942)

Duration: 1.7 year or 2 years
Entry: February and September
Estimated first year tuition A$35,280
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The Master of Development Studies is a flexible and interactive degree that provides specialist studies in international development at local, national and international levels. Alongside academics on the front line, you will learn to negotiate the geopolitical, economic, social, ethical, and cultural contexts in which development takes place.

Entry requirements
There are three durations of study:
2 Year Program (36 UOC)
• Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average of (85%)

1.7 Year Program (72 UOC)
• Bachelor degree (or equivalent qualification) in a relevant discipline with a record of academic achievement equivalent to a UNSW credit average (85%); or
• Bachelor degree (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (85%); plus one year of relevant professional experience; or
• Honours degree or graduate diploma (or equivalent qualification) in any discipline with a record of academic achievement equivalent to a UNSW credit average (85%), plus one year of relevant professional experience.

Students who are eligible for the 1 year and/or 1.7 year program are also permitted to study the 2 year program.

Note: Students from a non-211 university in China are required to have a record of academic achievement equivalent to a UNSW distinction average (75%).

Relevant professional experience includes:
Work or volunteer experience in community, social and economic development, social research and policy, public health, the environment, displacement, poverty alleviation, human rights, and advocacy-based programs and projects. This can be developed through working for relevant organisations including non-governmental, social service, community-based, philanthropic, United Nations, or inter-governmental agencies or local, state, and federal governments departments.

Education

The Master of Education will help you discover better assessment tools for teachers, examine effective student learning, and look at testing, selection and system-wide accountability. The degree offers seven areas of specialisation: Educational Studies, Curriculum and Assessment, Educational Psychology, Gifted Education, Higher Education, Special Education and TESOL.

The successful completion of the national Literacy and Numeracy Test (LANTITE) in first year of study is also required.

Professional accreditation
Accredited by the NSW Education Standards Authority (NESA).
From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
At UNSW Built Environment, we shape future cities; cities that are resilient, informed, connected, healthy, smart, liveable, and inclusive.

We build an agile platform for education, research and exchange that can respond to the changing needs of the professions while also anticipating the unknown; by developing skilled and enquiring graduates, with conscience, who can positively engage, adapt and shape our future cities for the benefit of all people and with the planet firmly in mind.
Advanced City Policy and Practice

Graduate Certificate in Advanced City Policy and Practice (7359)

Duration: 0.7 years
Entry: February and September
Estimated first tuition: A$18,730
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The Graduate Certificate of Advanced City Policy and Practice allows you to choose courses from various study areas in the Faculty of Built Environment, including Urban Policy and Strategy, Urban Renewal and Housing, Sustainable Built Environment and City Analytics. You will gain an understanding of concepts including the theory and practice behind urban policy and strategy. You will have the opportunity to continue your studies and utilise these credits towards a diploma or a full masters in City Analytics or Sustainable Built Environment.

Graduate Diploma in City Analytics (8151)

Duration: 1 year
Entry: February and September
Estimated first tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: An undergraduate degree with at least a credit average of 65% in a relevant discipline is required. A relevant discipline would encompass studies in a built environment discipline as well as subjects in social science, social policy, business and law. Students enrolling in this program will be working full time or have worked full time since graduating including working in an urban, regional or related professional role.

Graduate Certificate in City Planning

Entry: February and September
Estimated first tuition: A$18,730
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: A recognised bachelor degree from a relevant discipline such as: Business, Computer Science, Environmental Sciences, Engineering, Law, Jurisprudence, Social Science, Design degrees, and other Built Environment subject areas. Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

City Analytics

Smart cities, big data, virtual reality and other technologies are important in planning more sustainable, resilient cities. The City Analytics programs are designed to upskill the next generation of city data, analytics and modelling professionals. You will be able to contribute to the development of data-driven policy and decision making across our cities.

Master of City Analytics (8151)

Duration: 1.7 years
Entry: February and September
Estimated first tuition: A$41,280
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: Admission is available to students with a degree from an accredited undergraduate program (or equivalent) in architecture, together with evidence of a capacity to consistently achieve grades at credit level or higher. Additionally, applicants from international universities are required to provide a portfolio of their design work. The portfolio should include sample works from various stages of their undergraduate degree, and text should accompany all drawings/images to explain the projects. Professional work can be included, but the degree of responsibility for the work must be stated. The portfolio must be in digital format.

Master of City Analytics (Extension) (8152)

Duration: 2 years
Entry: February and September
Estimated first tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: Admission is available to students with a degree from an accredited undergraduate program (or equivalent) in architecture, together with evidence of a capacity to consistently achieve grades at credit level or higher. Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

City Planning

The City Planning programs provide an excellent platform to take up planning and urban policy-related career opportunities. The two-year, professionally accredited Master’s degree allows you to choose one of four specialisations and comprises a research project or urban design studio in addition to courses. Graduate Diploma and Graduate Certificate programs are also available.

Master of City Planning (8148)

Duration: 2 years
Entry: February and September
Estimated first tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: A recognised bachelor degree with a credit average (WAM 65%) or above. Where qualifications are not considered adequate, admission may be permitted on the Graduate Diploma in City Planning. Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.

Graduate Certificate in Planning (7148)

Duration: 0.7 year
Entry: February and September
Estimated first tuition: A$18,730
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements: A bachelor degree with a credit average or above (WAM 65%). Applicants who have achieved less than a credit average may be eligible for admission on a case by case basis.
Landscape Architecture
Master of Landscape Architecture (8136)

Duration: 3 years
Entry: February
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

If you’re looking to study landscape architecture, there is no better ‘lab’ than the Sydney region. During the Master of Landscape Architecture, you will work with leading academics and practitioners in landscape architecture as well as city planning and urban design to explore issues of common concern.

Entry requirements
The minimum requirement for all students is a bachelor degree with a credit (65%) or above average. Students must also submit a portfolio of design work.

The Master of Landscape Architecture is a three-year program with three entry points: depending on their prior study areas, students may complete the degree requirements in one, two, or three years. The program is 144 UOC in total, but some students with relevant degree backgrounds may be eligible for up to 96 UOC transfer. There are three streams:

Stream A caters to students from a non-design background; these students are required to complete the three-year, 144 UOC program. Students must submit a portfolio and a personal statement.

Stream B caters to students from cognate backgrounds, including architecture and urban design. These students may receive 48 UOC for recognition of prior learning (RPL) and are required to complete the two-year, 96 UOC program. Students must submit a portfolio and a personal statement.

Stream C caters to students who have completed a Bachelor of Landscape Architecture from an accredited program. These students may be granted 96 UOC for recognition of prior learning (RPL) and are required to complete one year of study. Students must submit a portfolio and a personal statement.

Urban Development and Design

Are you seeking a deeper knowledge about the growth and change of urban form? The Master of Urban Development and Design is a multidisciplinary, studio-based degree, which includes a compulsory field trip and workshop in a major international city. It aims to prepare you for new practice frontiers or a higher degree. Using Sydney as a case study, the Extension element of the Master of Urban Development and Design (Extension) provides you with a critical understanding of design techniques for burgeoning cities and other urban regions facing structural change.

Master of Urban Development and Design (8131)

Duration: 1.7 years
Entry: February
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised four-year bachelor degree or equivalent in a relevant discipline such as architecture, landscape architecture, interior architecture, planning, construction, property development, and civil engineering or have completed the 7131 Graduate Certificate.

Graduate Certificate in the Built Environment (7131)

Duration: 0.7 year
Entry: February
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
The Graduate Certificate in the Built Environment Program (24 UOC) offers foundational study in the field of Urban Development and Design for non-cognate disciplines. A four-year bachelor degree in any discipline with a record of academic achievement equivalent to a UNSW credit average of 65%. Applicants with a relevant bachelor degree in the following fields may be eligible to apply directly for the 8131 Master of Urban Development and Design or the 8141 Master of Urban Development and Design (Extension) programs.

Graduate Diploma in Sustainable Built Environment (8132)

Duration: 1 year
Entry: February and September
Estimated first year tuition: A$37,440
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A minimum four-year bachelor degree or equivalent from a recognised tertiary institution in a relevant field such as the Built Environment disciplines or related areas such as environmental science or engineering is required for admission to the masters program. All applicants must have achieved a minimum of a credit average (equivalent to a WAM of 65% or above) in their bachelor degree.

Urban Development and Design
Master of Urban Development and Design (Extension) (8141)

Duration: 2 years
Entry: February and June
Estimated first year tuition: A$37,440
(plus A$5,000 for field trip)
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

Entry requirements
A recognised four-year degree in a relevant discipline such as architecture, landscape architecture, planning, interior architecture, construction, property development, and civil engineering. Admission is also open to graduates of a recognised three-year undergraduate degree in Architectural Studies. All applicants must have achieved a minimum of a credit average in their bachelor degree. Applicants must also submit a portfolio and a statement. For more information visit www.handbook.unsw.edu.au/postgraduate/programs/current/8141.
From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.

**Research Programs**

**Master of Built Environment - by research (2240)**

**Duration:** 2 years
**Entry:** February, June and September
**Estimated first year tuition:** A$36,960
**Minimum IELTS requirements:** 7.0 Overall, 6.0 in each band
**Entry requirements:** Appropriate undergraduate degree with honours that includes a substantial research component, or a qualification or combination of qualifications considered equivalent. Complete and submit an expression of interest application, including a preliminary research proposal.

**Area(s) of Specialisation**
- Architecture
- Building
- Construction and Project Management
- Sustainable Built Environment
- Industrial Design
- Interior Architecture
- Landscape Architecture
- Property Development and Management
- Town Planning and Urban Design

**Doctor of Philosophy - Built Environment (1120)**

**Duration:** 4 years
**Entry:** February, June and September
**Estimated first year tuition:** A$36,960
**Minimum IELTS requirements:** 7.0 Overall, 6.0 in each band
**Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee. Candidates may transfer to PhD after one year of full-time enrolment in a masters by research program under specific conditions. All students must complete and submit an expression of interest application, including a preliminary research proposal.

**Practice-Based Doctor of Philosophy (1122)**

**Duration:** 4 years
**Entry:** February, June and September
**Estimated first year tuition:** A$36,960
**Minimum IELTS requirements:** 7.0 Overall, 6.0 in each band
**Entry requirements:** Based on their direct experience as established practitioners in the Built Environment, Practice-Based PhD candidates will generate a research project to improve and expand their practice and the industry. As a general guide, applicants have an appropriate undergraduate degree (usually at honours level) and/or a masters degree and substantial professional practice in a field represented within UNSW Built Environment or another relevant discipline. All students must complete and submit an expression of interest application, including a preliminary research proposal.

**Research areas:**
- Building – Construction Management and Project Planning, Building Science and Techniques, Quantity Surveying, Real Estate, Property and Development
- Research clusters
- The Faculty’s research clusters are cross-disciplinary coalitions of staff and postgraduate research students organised around identifiable and emerging research strengths. Through engagement on common projects, publications and workshops, they capitalise on the synergies of individual research interests.
- Design Research Collaboration
- High Performance Architecture
- People and Place
- Smart Cities
- Urban Typologies

Research clusters
The Faculty’s research clusters are cross-disciplinary coalitions of staff and postgraduate research students organised around identifiable and emerging research strengths. Through engagement on common projects, publications and workshops, they capitalise on the synergies of individual research interests. Research clusters include:

### Analytics

Big data has disrupted the skills and knowledge required of employees across functions to deliver value to their organisations. The demand for professionals with analytics capabilities who can skillfully apply data-driven decisions is increasing exponentially. UNSW Business School has introduced a suite of online analytics programs to meet the demand.

#### Master of Analytics (8437)

**Duration**: 2 years (online only)

- **Entry**: January, February, March, May, September, October

- **Estimated first year tuition**: $46,740

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - An Australian bachelor degree, or equivalent qualification, with a weighted average mark (WAM) 65% or higher; or
  - Successful completion of the Graduate Diploma in Analytics with a WAM of 65% or higher.

#### Graduate Diploma in Analytics (5437)

**Duration**: 1.3 years (online only)

- **Entry**: January, March, May, July, September, October

- **Estimated first year tuition**: $46,740

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - An Australian bachelor degree, or equivalent qualification, with a weighted average mark (WAM) 65% or Higher; or
  - Successful completion of the Graduate Certificate in Analytics with a WAM of 65%.

#### Graduate Certificate in Analytics (7457)

**Duration**: 0.8 years (online only)

- **Entry**: January, March, May, July, September, October

- **Estimated first year tuition**: $23,220

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - An Australian bachelor degree, or equivalent qualification; or
  - Five years relevant work experience. For example, analytics, clerical or administrative work in a commercial or public service organisation, banking, finance or marketing.

### Actuarial Studies

The Master of Actuarial Studies is designed for students with a strong background in actuarial studies, economics, mathematics or statistics.

#### Master of Actuarial Studies (Extension) (8411)

**Duration**: 2 years

- **Entry**: February and September

- **Estimated first year tuition**: $47,040

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - A recognised bachelor degree (or equivalent qualification) in actuarial studies, economics, mathematics, or statistics with a credit average (65% or higher), as determined by UNSW Business School.

#### Master of Actuarial Studies (Extension) (8416)

**Duration**: 2 years

- **Entry**: February and September

- **Estimated first year tuition**: $47,040

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - A recognised bachelor degree (or equivalent qualification) in actuarial studies, economics, mathematics, or statistics with a credit average (65% or higher), as determined by UNSW Business School.

### Business Administration

The AGSM Master of Business Administration (MBA) is a full-time degree designed to prepare students for general management and executive leadership roles in business, government, or not-for-profit organisations. You will acquire management insights from current business leaders and benefit from the knowledge of your fellow students, many of whom have worked for global organisations.

The MBA (Extension) is intended for students seeking to extend their study plan to include an additional term to undertake an internship or research project. Students will study the MBA (full-time) with the addition of an extra session (Extension Session). For more information visit: agsm.edu.au

#### Master of Business Administration (8357)

**Duration**: 1.5 years

- **Entry**: AGSM Session 1 (January)

- **Estimated first year tuition**: $58,250

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - A recognised bachelor degree, or equivalent qualification, and a minimum of two years' professional or managerial work experience; or
  - At least six years of professional work experience.

- **Application process**
  - Applicants must also submit supporting documentation including an official transcript and three personal statements. Applicants must also provide a minimum overall GMAT score of 550 with minimum scores of verbal 25, quantitative 35 and AWA 4.0.

- **Career and recruitment services**
  - Career management program - Provide you with a range of skills to proactively manage your career. They are delivered face-to-face via classroom/team sessions or online through the AGSM MBA Career Centre.
  - Career advice/guidance - Individual counselling sessions are available to professional and MBA students.
  - Recruitment services - The AGSM Career Services Unit builds and develops strong relationships with companies that can benefit from having an MBA graduate in their organisation. Successfully aligning the skills and experience of MBA students with the needs of business is our key objective.

#### AGSM MBAX (Online) (8625)

**Duration**: 3 to 6 years part-time (online only)

- **Entry**: February, June, September

- **Estimated fees to complete**: $68,250

- **Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band

- **Entry requirements**
  - Two pathways into the AGSM MBAX program:
    - A strong undergraduate degree (or equivalent qualification) and a minimum of two years professional or managerial work experience;

**Biomedical Engineering**

The Master of Biomedical Engineering aims to apply engineering principles to developing technologies and problem solving in a diverse range of health care related fields. Students with either a medical/biological science or engineering/physical science background who want to further their education in this unique area will benefit. A Graduate Diploma program is also available.

**Master of Biomedical Engineering (9660)**

**Duration:** 1.7 years
**Entry:** February and September
**Estimated first year tuition:** $45,840
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**
A recognised four-year bachelor degree in engineering, science, or medicine, with an average grade of 70%.

**Note:** Students from a non-211 university in China need a minimum 75% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

**Graduate Diploma in Biomedical Engineering (5449)**

**Duration:** 1 year
**Entry:** February and September
**Estimated first year tuition:** $45,840
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**
A recognised three-year bachelor degree in a related discipline with an average grade of 65%.

**Note:** Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

---

**Engineering**

**Master of Engineering (9621)**

**Duration:** 2 years
**Entry:** February and September
**Estimated first year tuition:** $45,840
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

The Master of Engineering aims to provide deeper project experience and increased technical confidence across selected research disciplines. It’s designed for students who don’t have an accredited engineering qualification but who have either completed a non-accredited engineering degree or the equivalent of the first three years of an accredited engineering degree.

**Entry requirements**
Entry is open to students with a four-year non-accredited (under the Washington Accord) Bachelor of Engineering degree or equivalent in a related discipline with a minimum 75% average. (Applicants who hold a three-year engineering science degree at least equivalent to the first three years of a related engineering degree accredited under the Washington Accord may be considered also.)

Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website. Refer also to individual discipline pages for more detailed entry requirements.

Students with three-year British degrees are eligible to apply for UNSW Engineering postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.

---

**Engineering Science**

The Master of Engineering Science features complex, open-ended enquiry-based projects in 24 specialisations. The degree is designed for engineers and graduates seeking to develop and expand their technical knowledge and skills in their area of expertise and to add to their engineering/management skills. A Graduate Diploma and Graduate Certificate in Engineering Science are also offered in numerous specialisations.

**Specialisations**
- Biomedical Engineering (Masters only)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Renewable Energy
- Satellite Systems Engineering (Masters only)
- Structural Engineering
- Sustainable Systems (Masters only)
- Systems & Control (Masters only)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

**Entry requirements**
Students need a recognised four-year bachelor degree in an appropriate area of engineering with a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator* in a relevant discipline.

Students with three-year British degrees are eligible to apply for UNSW Engineering’s postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.

---

**Graduate Diploma in Engineering Science (5341)**

**Duration:** 1 year
**Entry:** February and September
**Estimated first year tuition:** $45,840
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**
Students need a recognised four-year bachelor degree in a relevant discipline of engineering or a three- or four-year engineering or science degree plus relevant professional experience with a minimum 65% average.

Students must complete 48 UOC of courses to be eligible for the program.

The Petroleum Engineering stream in 5341 is available for distance study only.

Open Learning program – see Open Learning program for further information.

**Graduate Certificate in Engineering Science (7320)**

**Duration:** 0.7 years
**Entry:** February and September
**Estimated first year tuition:** $32,920
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**
Recognised four-year degree in a relevant discipline of engineering or a three- or four-year engineering or science degree plus relevant professional experience with a minimum 65% average.

**Specialisations**
- Biomedical Engineering (Masters only)
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geotechnical Engineering & Engineering Geology
- Geothermal Engineering
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Renewable Energy
- Satellite Systems Engineering (Masters only)
- Structural Engineering
- Sustainable Systems (Masters only)
- Systems & Control (Masters only)
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

**Note:** Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.
**Graduate Certificate in Petroleum Engineering (7343)**

**Duration** 1 year by distance

**Entry** February and September

**Estimated first year tuition** A$34,380

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

Are you an engineering or science graduate, or a petroleum industry professional seeking to expand or update your technical know-how and skills in petroleum engineering? The Graduate Certificate in Petroleum Engineering covers the fundamentals and applications of drilling engineering, reservoir engineering, petroleum technology, business principles and business management.

**Entry requirements**

- Entry into the Graduate Certificate in Petroleum Engineering can be via two pathways:
  - Pathway 1: A three- or four-year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution with a minimum 65% average; or
  - Pathway 2: Consideration will be given on an individual basis for those with relevant petroleum industry experience with vocational training and/or undergraduate degree.

- Students are required to demonstrate work experience in the upstream petroleum industry (i.e. involvement in exploration, reservoir engineering, drilling and production of oil and/or gas). An entry interview may be required.

- For entry pathway 2, a portfolio is to be provided to support the application for postgraduate coursework study. More details on handbook: www.handbook.unsw.edu.au/postgraduate-programs/curriculum.

**Note:** Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

**Specialisations**

- A Graduate Diploma in Petroleum from UNSW.
- An equivalent qualification from another recognised university or tertiary institution.

**Food Science**

Food scientists and graduates looking to advance their skills, as well as engineers seeking to move into food science, will work on a complex, open-ended project as part of the Master of Food Science. Gain a deep understanding of the agrifood business and develop the ability to analyse food-science problems. A Graduate Diploma program is also available.

**Master of Food Science (6037)**

**Duration** 2 years

**Entry** February and September

**Estimated first year tuition** A$45,840

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

- Students must hold either a bachelor degree in food science with honours and a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator; or
- A Graduate Diploma in Food Science from UNSW; or
- An equivalent qualification from another recognised university or tertiary institution.

- Students may be able to articulate to the Graduate Diploma in Food Science.

**Note:**

- A student must hold a bachelor degree in a discipline containing mathematics up to at least Year 2 level; and
- A minimum 75% average achieved overall; or
- Completion of the Graduate Diploma in Information Technology (5433) and a minimum 70% average or no fails.

**Specialisations**

- A recognised three-year bachelor degree in science or engineering or a minimum of three years work experience in an appropriate area of engineering or science.

**Information Technology**

Information technology is moving quickly – the Master of Information Technology is your opportunity to be at the forefront of creating future technologies. The degree will train you to anticipate requirements and develop applications and services in areas such as networking, data mining and robotics. You can choose one of two majors. A Graduate Diploma in Information Technology is also available and is suitable for those with little or no computing background.

**Specialisations**

- Students must complete either one or two of the following streams:
  - Artificial intelligence
  - Bioinformatics
  - Information Technology
  - Database Systems
  - eCommerce Systems
  - InterNetworking
  - Data Science & Engineering

**Master of Information Technology (8543)**

**Duration** 3 years

**Entry** February and September

**Estimated first year tuition** A$45,840

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

- At least a four-year undergraduate degree equivalent to a standard Australian bachelor degree in science or engineering, and a 75% average achieved overall; or
- A three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline containing mathematics up to year two level, and an average mark of 75% overall; or
- Completion of the Graduate Diploma in Information Technology (5433) and a minimum 70% average or no fails.

**Graduate Diploma in Information Technology (8543)**

**Duration** 1.7 years

**Entry** February and September

**Estimated first year tuition** A$45,840

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

- At least a three-year undergraduate degree equivalent to a standard Australian bachelor degree in a discipline that included mathematics up to last Year 2 level, and a 70% average achieved overall; or
- Completion of the Graduate Certificate in Computing (7543), and an average mark of 70% overall or no fails.

**Graduate Certificate in Computing (7543)**

**Duration** 0.7 years

**Entry** February and September

**Estimated first year tuition** A$23,900

**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

**Entry requirements**

- Students from a non-211 university in China need a minimum 75% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

**From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.**
Mining Engineering

If you're currently working in the mining industry, or planning a career change, the Master of Mining Engineering allows you to undertake advanced study in mining engineering and to choose one of two specialisations – Mining Geomechanics or Mine Management. Most courses can be studied on a part-time basis. A Graduate Diploma in Mining Engineering is also available.

Offshore international students are not eligible for an Australian student visa for this program.

Minimum IELTS requirements:

• Mining Geomechanics
• A minimum of 6.0 in each band

• Mine Management
• A minimum of 6.0 in each band

Note: Students from a non-211 university in China need a minimum 75% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Graduate Diploma of Mining Engineering (5335)

Duration 1 year
Entry February
Estimated first year tuition A$45,840
Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Entry requirements
• A recognised four-year degree in mining engineering or a related engineering or physical sciences discipline from a recognised institution with a minimum WAM of 65% or

• A three-year degree with a minimum WAM of 65% plus a minimum of one year relevant industry experience;
• A graduate certificate in mining from UNSW with a minimum WAM of 65% and no course fails
• With permission from the Head of School or Director of Postgraduate Studies (coursework).

The School of Minerals and Energy Resources Engineering offers a Graduate Certificate in Mining Engineering (7335) to allow a more flexible entry mode for applicants who have limited tertiary qualifications.

Note: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator. Cut-off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website.

Graduate Certificate in Mining Engineering (7335)

Duration 0.7 year by distance
Entry February
Estimated first year tuition A$22,920
Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Entry requirements
Entry to this program is based on:

• Entry pathway 1 – Relevant mining industry experience with vocational training. A minimum of 4 years of full-time relevant professional and/or responsibility in the mining industry;
• Entry pathway 2 – A degree in another technical discipline from a recognised institution. Other technical disciplines as Surveying, Accounting, Business, Economics, Information Technology/Systems, Biology and Pharmacy for example. A minimum of 1 year relevant industry experience is essential for applicants with a 3 year degree and is highly regarded for applicants with a 4 year degree.

Entry is considered for each individual based on portfolio supporting the application, including details of relevant industry experience.

Research

UNSW Engineering offers two higher degree research programs, a Doctor of Philosophy (PhD) and a Master of Philosophy (MPhil) in Engineering. Both are available across all eight engineering Schools. Candidates are required to undertake an original and critical research project that makes a significant contribution to existing knowledge of relevance both nationally and internationally.

Each degree requires submission of a thesis embodying the results of an original investigation or design. Candidates carry out their research under the supervision of some of Australia’s leading researchers.

Master of Philosophy in Engineering (0645)

Duration 2 years
Entry February, July and September
Estimated first year tuition A$46,560
Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Specialisations
• Biomedical Engineering (BMEDR2645)
• Chemical Engineering (CHECR2645)
• Civil and Environmental Engineering (CVENR2645)
• Computer Science and Engineering (COMPFR2645)
• Electrical Engineering (ELECTR2645)
• Geospatial Engineering (GMAEBR2645)
• Mechanical and Manufacturing Engineering (MECHBR2645)
• Mining Engineering (MINEQR2645)
• Petroleum Engineering (PETBR2645)
• Photovoltaic Engineering (SOLARER2645)
• Renewable Energy Engineering (SOLADR2645)

Entry requirements
• An appropriate bachelor degree in the relevant discipline from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

Doctor of Philosophy

Duration 4 years
Entry February, July and September
Estimated first year tuition A$46,560
Minimum IELTS requirements:
6.5 Overall, 6.0 in each band

Specialisations
• Biomedical Engineering (BMEDR2645)
• Chemical Engineering (CHECR2645)
• Civil and Environmental Engineering (CVENR2645)
• Computer Science and Engineering (COMPFR2645)
• Electrical Engineering (ELECTR2645)
• Geospatial Engineering (GMAEBR2645)
• Mechanical and Manufacturing Engineering (MECHBR2645)
• Mining Engineering (MINEQR2645)
• Petroleum Engineering (PETBR2645)
• Photovoltaic Engineering (SOLARER2645)
• Renewable Energy Engineering (SOLADR2645)

Entry requirements
An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

For further details of engineering research areas see engineering.unsw.edu.au/research.
UNSW Law is a top-ranking law school and a global leader in innovative and progressive legal education and research.

Our industry-led curriculum is taught by some of the world’s leading scholars and professional legal practitioners. Our interactive small-class teaching ensures personalised engagement and effective learning with lecturers and peers.

We offer more clinics and internships than any other Australian law school, transforming what our students learn in the classroom into real-life practice.

At UNSW Law we’ll help you reach your potential and to build the knowledge and skills you need for a successful career in the legal profession and beyond.

Career outcomes
- Arbitrators
- Business consultants
- Civil litigators
- Corporate lawyers
- Criminal lawyers
- Environmental advocates
- Human rights lawyers
- Industrial relations specialists
- Intellectual property lawyers
- Legal advisors
- Non-government organisation advisors
- Policy administrators
- Public sector managers
- Refugee and displacement advocates

EXCELLENCE IN RESEARCH
UNSW research in Law achieved the highest possible rating (5 or “well above world standard”) in the Excellence in Research for Australia Initiative (ERA).

TOP 15 IN THE WORLD
We’re ranked 14th best law school in the world and third in Australia.
QS World University Rankings 2019

EXTENSIVE GLOBAL STUDENT OPPORTUNITIES
Close to 50 per cent of our graduating students have had an international experience, either through exchange or undertaking one of our overseas electives.
Law

Master of Laws (9201)

Duration: 1 year
Entry February and September
Estimated first year tuition A$45,840
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The UNSW Master of Laws (LLM) is a highly-regarded, internationally-recognized postgraduate program designed to expand your legal knowledge and accelerate your career. Law graduates will find this program appealing as it allows them to acquire a new field of legal knowledge for career change, career advancement or professional development. For non-law graduates, the acquired legal knowledge and skills will be particularly useful in understanding how the law works in their industry.

Entry requirements
This program is open to law and non-law graduates. Please see the table to the right for minimum entry requirements.

Juris Doctor (JD) (9120)

Duration: 3 years
Entry February and September
Estimated first year tuition A$42,240
Minimum IELTS requirements: 7.0 Overall, 6.0 in each band

The UNSW Juris Doctor (JD) is your pathway to admission to legal practice, as well as a wide range of law-related careers. It’s designed for students who wish to pursue postgraduate studies in law but who don’t have an undergraduate degree in law, or who have a law degree from an overseas institution.

Entry requirements
A recognised bachelor degree or equivalent qualification in any discipline other than law, or a recognised non-Australian law degree. See law.unsw.edu.au/jd for further information.

Professionally recognised
The UNSW JD is accredited by the Legal Profession Admission Board and satisfies the academic component for admission to practise as a solicitor and barrister of the Supreme Court of NSW. To practise law in other countries you must satisfy the academic and accreditation criteria in the particular jurisdiction. Always refer to the relevant authority or admitting body in that country or state.

Research

UNSW Law has particular research strengths in:

- Constitutional and Administrative Law
- Corporate and Commercial Law
- Criminal Law, Criminal Justice and Criminology
- Environmental Law
- Evidence and Civil Procedure
- Human Rights and Social Justice
- Indigenous Peoples and the Law
- Intellectual Property
- Law, Science and Technology
- Legal and Social Theory
- Legal Education and Pedagogy
- National Security and Terrorism
- Private Law
- Public International Law
- Regulation and Regulatory Theory
- Transnational and Comparative Law

For more information visit law.unsw.edu.au/research-degrees

Research programs

Doctor of Philosophy (1730)

Duration: 3 – 4 years
Entry February, June and September
Estimated first year tuition A$42,240
Minimum IELTS requirements: 7.0 overall, 7.0 in writing and 6.5 in each band

Entry requirements
Recognised masters degree (including a substantial research component) with a minimum distinction average (75%); or a recognised bachelor degree with honours class I, division I or division II that includes a substantial research component; or a recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent to 75% or an equivalent combination of academic and professional qualifications.

Program structure
This Doctor of Philosophy gives you the opportunity to conduct a research project that will make a significant contribution to an area of knowledge. You’ll acquire advanced specialist research training to produce a thesis that provides evidence of independent thought and critical analysis. It requires a minimum of three years’ full-time study, completion of required units in research methods and submission of a thesis normally not exceeding 100,000 words (including footnotes).

Master of Laws by Research (2440)

Duration: 1.7 – 2 years
Entry February, June and September
Estimated first year tuition A$42,240
Minimum IELTS requirements: 7.0 Overall, 7.0 in writing and 6.5 in each band

Entry requirements
Completion of a recognised Bachelor of Laws degree with honours class II, division I, that includes a substantial research component, or a recognised three-year Juris Doctor degree with a research component sufficient to allow assessment of research potential at the disciplinary level and where weighted average grades for the research component and the coursework results are at least equivalent to 75%; or an equivalent combination of academic and professional qualifications.

Program structure
This program requires a minimum of 1.7 years of full-time study, completion of required units in research methods and the preparation of a thesis (approximately 50,000 words including footnotes).

From 2020 some programs will have a Term 2 (June) intake. For more information, visit degrees.unsw.edu.au.
UNSW Medicine is a pioneer of medical research and innovation, committed to turning discoveries into cures. Our leading educators, researchers, and clinicians are developing cures, therapies, and treatment strategies and turning high-achieving students into caring health professionals with globally recognised qualifications.

**MODERNISE MEDICINE**

UNSW Medicine is a top 100 medical school, as ranked by QS World University Rankings by Subject, 2019. We are a world leader in medical research, particularly in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and non-communicable diseases.

**TOP 100 MEDICAL SCHOOL**

We are one of the world’s top 100 medical schools. QS World University Rankings by Subject, 2019

**WORLD-CLASS BIOMEDICAL RESEARCH PRECINCTS**

The refurbished Wallace Wurth building, together with the Lowy Cancer Research Centre and Biological Sciences Building, form a world-class biomedical research precinct at UNSW.

With the extension of our footprint in the South West Sydney region, UNSW Medicine is an important player in the elaborate vision of UNSW to lead in the broader health education and research development of Sydney.

**WORLD LEADER IN MEDICAL RESEARCH**

We are a world leader in medical research, particularly in the fields of cancer, neuroscience, mental health, addiction, infectious disease, immunity and non-communicable diseases.

**Career outcomes**

- Bioinformaticians
- Biotechnology specialists
- Clinical research associates
- Clinical trial managers
- Geneticists
- Health data scientists
- Health economics
- Health promotion
- Infectious disease control
- Laboratory technicians
- Medicinal chemists
- Microbiologists
- Nanotechnologists
- Pharmaceutical developers
- Pharmaceutical medical affairs managers
- Pharmacologists
- Public health policy
- Research scientists
**Health Management**

The Master of Health Management aims to promote health leadership in areas of strategic planning, policy and decision making. It emphasizes understanding and meeting the challenges of safety and quality within current and emerging health service contexts. It is tailored to either the Australian health care system or developing health care systems. A Master of Health Management (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs.

### Infectious Diseases Intelligence

**Graduate Diploma in Infectious Diseases Intelligence** (9362)

- **Duration**: 1 year full-time or 2 years part-time by distance learning
- **Entry Requirements**
  - An undergraduate degree in a relevant discipline or professional or volunteer experience.
  - Minimum IELTS requirements: 6.0 Overall, 6.0 in each band

**Master of Infectious Diseases Intelligence** (8362)

- **Duration**: 2 years
- **Entry Requirements**
  - An undergraduate degree plus an Honours degree in a relevant discipline or professional or volunteer experience.
  - Minimum IELTS requirements: 6.0 Overall, 6.0 in each band

---

### International Public Health

**Master of International Public Health (Extension) / Master of Health Management (Extension)** (9058)

- **Duration**: 2 years
- **Entry Requirements**
  - Please see Master of Health Management (9011).

**Master of International Public Health (Extension) / Master of Health Management** (9057)

- **Duration**: 2 years
- **Entry Requirements**
  - Please see Master of Health Management (9011).

**Master of International Public Health**

- **Duration**: 1.7 years full-time or 3 years part-time by distance learning
- **Entry Requirements**
  - Completion of the Master of International Public Health (9043) or equivalent with a minimum credit average and submission of an acceptable proposal.

**Graduate Certificate in International Public Health** (9046)

- **Duration**: 1 year full-time or 2 years part-time by distance learning
- **Entry Requirements**
  - Please see Master of International Public Health (9048).

**Master of International Public Health/Infectious Diseases Intelligence** (8042)

- **Duration**: 1.7 years full-time or 3 years part-time by distance learning
- **Entry Requirements**
  - Please see Master of International Public Health (9048).

**Master of Infectious Diseases Intelligence** (8362)

- **Duration**: 2 years
- **Entry Requirements**
  - An undergraduate degree in a relevant discipline or professional or volunteer experience.

---

### Pharmaceutical Medicine

**Master of Pharmaceutical Medicine** (9370)

- **Duration**: 1 year full-time or 2 years part-time by distance learning
- **Entry Requirements**
  - Please see Master of Pharmaceutical Medicine (9370).

---

### Professional recognition

- The Pharmaceutical Medicine program is supported strongly in Australia by peak industry organisations and internationally by the Drug Information Association.
Public Health

The Master of Public Health will prepare you for education, research and service in all aspects of public health, by providing a sophisticated understanding of the multidisciplinary area of public health. You will acquire a deep understanding and skills for research, professional practice and further learning. A Master of Public Health (Extension) is also available, as are shorter Graduate Diploma and Graduate Certificate programs.

Master of Public Health (9045)

Details
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
- An undergraduate degree in a field relevant to public health or health management (see list below) and 2 years’ full-time professional or voluntary experience in public health. This may also include equivalent professional experience
- An honours degree plus an honours or postgraduate degree in a field relevant to public health or health management (see list below)

Examples include, but are not restricted to, medicine, nursing, allied health, health sciences, biomedicine, business, management, engineering, law, science, mathematics and statistics, economics, policy studies, and development studies.

Specialisations
The following specialisations are available in the Master of Public Health program:
- Aboriginal Health and Wellbeing
- Health Economic Evaluation
- Health Promotion
- Infectious Diseases Epidemiology and Control
- International Health
- Primary Health Care
- Public Security
- Quantitative Research Methods
- Social Research

Graduate Diploma in Public Health (9046)

Details
Duration 1.7 years full-time or 3 years part-time by distance learning
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
Transfer considered on completion of the Master of Public Health (9045) or equivalent with a minimum credit average and submission of an acceptable research proposal.

Master of Public Health/International Public Health (Extension) (9052)

Details
Duration 2 years
Entry February and September
Estimated first year tuition A$45,600
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
Please see Master of Public Health (9045).

Graduate Certificate in Public Health (1736)

Details
Duration 0.7 year full-time or 1 year part-time by distance learning
Entry February
Estimated first year tuition A$24,200
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
Please see Master of Public Health (9045).

Reproductive Medicine

The Master of Reproductive Medicine will provide GPs, family planning practitioners and specialist gynaecologists who work in menopause and infertility with detailed knowledge of reproductive medicine. The program will give an advanced understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care to patients. Graduate Diploma and Graduate Certificate programs are also available.

Master of Reproductive Medicine (9066)

Details
Duration 1 year full-time or 2 years part-time by distance learning
Entry February and September
Estimated first year tuition A$30,480
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
An undergraduate degree in medicine, nursing, health or medical science and:
- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health science, or;
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or

Graduate Certificate in Reproductive Medicine (7379)

Details
Duration 0.7 year or 1 year part-time by distance learning
Entry February and September
Estimated first year tuition A$15,240
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
An undergraduate degree in medicine, nursing, health or medical science and:
- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science, or;
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or

Women’s Health

The Master of Women’s Health Medicine will provide you with advanced knowledge and understanding of the ethical, social and professional aspects required to deliver a high standard of clinical care in the expanding and diverse field of women’s health medicine. Courses will provide an evidence-based and practice-centred approach to this field of study. An online Graduate Certificate program is also available.

Master of Women’s Health Medicine (9014)

Details
Duration 1 year full-time or 2+ years part-time by distance learning
Entry February and September
Estimated first year tuition A$30,480
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
An undergraduate degree in medicine, nursing, health, or medical science and:
- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science, or;
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or

Graduate Certificate in Women’s Health Medicine (7014)

Details
Duration 0.7 year or 1+ years part-time by distance learning
Entry February and September
Estimated first year tuition A$15,240
Minimum IELTS requirements 6.5 Overall, 6.0 in each band
Entry requirements
An undergraduate degree in medicine, nursing, health, or medical science and:
- An honours, graduate certificate, graduate diploma, or higher qualification in medicine, nursing or health, or medical science, or;
- Commencement of a recognised postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or

Women’s Health Medicine programs are not produced in postgraduate medical specialist training program (e.g. general practice, obstetrics & gynaecology), or
- One year full-time equivalent of postgraduate professional experience in medicine, nursing, health or medical science.

LEARN
EXPLORE
DISCOVER

UNSW Science is where the brightest minds converge to learn, explore and discover.

Our welcoming and vibrant community prepares you for real-world challenges and future leadership opportunities.

We are well connected to the changing world of business and, together with our high-profile industry partners, we will inspire you to achieve your goals and enjoy a fulfilling career.

UNSW SCIENCE

TOP 50 IN THE WORLD

Your fellow students will be bright and inquisitive high achievers attracted by the high ranking of our scientific research schools. Our school rankings include 21st for Psychology, 33rd for Earth & Marine Sciences and 35th for Materials Science in the QS World University Rankings by Subject 2019.

WORLD-CLASS FACILITIES

At UNSW Science you can access world-class laboratories, clinics and simulators that will equip you with the tools to explore new frontiers and make profound discoveries to benefit society.

RESEARCH AND TEACHING EXCELLENCE

We offer excellence and innovation in teaching and our staff, who are award-winning research leaders in their respective fields, will help you achieve your goals. Our eminent academics include Dean of Science Professor Emma Johnston; Nobel Prize winner for Chemistry Sir Fraser Stoddart; quantum physicist and 2018 Australian of the Year Professor Michelle Simmons; and materials science innovator Professor Veena Sahajwalla.

Aviation

Developed in consultation with industry, the Master of Aviation Management aims to provide managers and professionals with the skills and knowledge to be effective in contemporary aviation management. It is designed for students who have a degree and relevant industrial experience, or who do not have a degree but who have at least one year of relevant industry experience can enrol in the Graduate Diploma program. Both programs are taught entirely by distance education.

Master of Aviation Management (8741)
Duration 2 years by distance learning
Entry February and September
Estimated first year tuition AU$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants must have a recognised three-year bachelor degree in Aviation or a cognate discipline such as the following: Science, Engineering, Psychology, Management, Economics, Commerce. Applicants with a minimum six-months’ relevant industry experience may be eligible for advanced standing (also known as credit transfer, or recognition of prior learning (RPL)). More information on the different entry groups can be found via degrees.unsw.edu.au/master-of-aviation-management.

Graduate Diploma in Aviation Management (5741)
Duration 1 year by distance learning
Entry February and September
Estimated first year tuition AU$31,400

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
Applicants must have a recognised three-year bachelor degree in Aviation or a cognate discipline such as the following: Science, Engineering, Psychology, Management, Economics, Commerce. Applicants with a minimum six-months’ relevant industry experience may be eligible for advanced standing (also known as credit transfer, or recognition of prior learning (RPL)). More information on the different entry groups can be found via degrees.unsw.edu.au/master-of-aviation-management.

Biotechnology and Biomolecular Sciences

Graduate Diploma (Research) (5304)
Duration 1 year
Entry February and September (entry is dependent on the availability of a suitable academic supervisor)
Estimated first year tuition AU$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Graduate Diploma (Research) aims to give you specialised knowledge and research training in disciplines within the Faculty of Science. The Biotech & Biomolecular Science specialisation provides you with the option to study courses like Marine Microbiology, Research techniques and Advanced Topics in Biotechnology and Biomolecular Sciences.

Entry requirements
To be accepted for admission into the program, students are typically expected to have a bachelor degree with a good pass in a related but not necessarily directly relevant discipline to their chosen area of study. Applicants with substantial professional experience which demonstrates an aptitude for research or significant understanding in a discipline area will be considered for admission. These students will need to include a written submission with their application detailing their professional experience and its relevance to undertaking a research program, and also a statement of service from their employer verifying the position, risk and responsibilities, and duration of employment. It is essential that you identify an appropriate academic supervisor in BiBSc and obtain their agreement prior to submitting an application. Once students have located a suitable supervisor, they should lodge an application.

Marine Science and Management

Master of Marine Science and Management (8271)
Duration 1.7 years
Entry February and September
Estimated first year tuition AU$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

A formal online application must be received to attend the on-campus unit in marine science. The degree is offered between UNSW and three Sydney Institute of Marine Science partner universities, taking you beyond traditional courses to address new approaches to marine science.

Entry requirements
The entry requirement for the MMarScMgt is as follows:
• A Bachelor of Science degree with a weighted average mark (WAM) of 65% or greater.

Materials Technology

Master of Materials Technology (8717)
Duration 2 years
Entry February and September
Estimated first year tuition AU$38,400
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

Entry requirements
The minimum entry requirement for the Master of Materials Technology is one of the following:
• A bachelor degree with a 3 year study and a minimum weighted average mark (WAM) of 65%.

Mathematics

Master of Financial Mathematics (8161)
Duration 1.7 years
Entry February
Estimated first year tuition AU$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Financial Mathematics offers high-level training in the principles of modern finance and its mathematical foundations, stochastic analysis, risk assessment and relevant computational techniques.

Entry requirements
Completion of a mathematics or statistics major within a Bachelor of Science or Bachelor of Mathematics program, or a degree in a related area. Sufficient mathematical/statistical background, and an average above 65% in relevant level III mathematics and/or statistics university courses.

Master of Mathematics (8719)
Duration 1.7 years
Entry February and September
Estimated first year tuition AU$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

From fundamental and abstract research to specific theories supporting new scientific findings – the spectrum of mathematics is far and wide. The Master of Mathematics provides intensive, high level training in all those aspects of mathematical sciences, with a flexible structure allowing you to build a program which best suits your interests.

Entry requirements
Students must:
• Have compiled a Bachelor of Mathematics or a Bachelor of Science undergraduate degree with a major in mathematics or statistics; and
• Have sufficient mathematical and/or statistical background, as indicated by an average of 65% or above in level III mathematics and/or statistics university courses.

Master of Statistics (8750)
Duration 1.7 years
Entry February and September
Estimated first year tuition AU$43,200
Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Statistics is designed to strengthen and deepen your knowledge of statistical science and to develop consulting and project-writing skills. The longest-running program of its kind in Australia, the degree covers a wide range of statistical theory and practice.

Entry requirements
A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, sufficient mathematical/statistical background, and an average above 65% in relevant level III university courses. It is expected that successful applicants should have taken real analysis, partial differential equations, numerical methods, probability, and stochastic processes and algebra. A formal online application must be made.

Minimum IELTS requirements:
Estimated first year tuition
A$43,200
February and September
Entry
Duration
Master of Marine Science and Management
6.5 Overall, 6.0 in each band
1.7 years
Coastal management, marine ecology and conservation, and physical/biological oceanography and modeling are all part of the Master of Marine Science and Management. The degree is offered between UNSW and three Sydney Institute of Marine Science partner universities, taking you beyond traditional courses to address new approaches to marine science.

Entry requirements
The entry requirement for the MMarScMgt is one of the following:
• A Bachelor of Science degree with a weighted average mark (WAM) of 65% or greater.

The Master of Statistics is designed to strengthen and deepen your knowledge of statistical science and to develop consulting and project-writing skills. The longest-running program of its kind in Australia, the degree covers a wide range of statistical theory and practice.

Entry requirements
A Bachelor of Mathematics or a Bachelor of Science with a major in mathematics or statistics, sufficient mathematical/statistical background, and an average above 65% in relevant level III university courses. A formal online application must be made.
### Bachelor of Psychology (Clinical) (8256)

**Duration**: 2 years  
**Entry**: February  
**Estimated first year tuition**: A$43,200  
**Minimum IELTS requirements**: 7.0 Overall, 6.0 in each band  

**Entry requirements**  
- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis/project, with honours class 1 (85%) or equivalent.  
- Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.  

Admission is based on academic merit, two reference reports, and performance at an interview. Interviews are held at UNSW in late November/early December, but may be offered remotely in limited circumstances. It may also depend on the availability of adequate supervision and research infrastructure.

### Bachelor of Psychology (Forensic) (8257)

**Duration**: 2 years  
**Entry**: February  
**Estimated first year tuition**: A$43,530  
**Minimum IELTS requirements**: 7.0 Overall, 7.0 in each band  

**Entry requirements**  
- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years* with honours class 1 (85%), or upper second class honours (75%) or their equivalents.  

Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

### Master of Optometry (8073)

**Duration**: 1.7 years  
**Entry**: February  
**Estimated first year tuition**: A$39,840  
**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band  

**Entry requirements**  
- Admission is limited to students with a minimum of a three-year undergraduate degree in optometry with a credit average (85%) or above.  
- New and established practitioners with an undergraduate degree in optometry will benefit from the Master of Optometry, which aims to provide advanced knowledge and clinical skills in vision science. You will develop expertise in fields such as visual neuroscience, myopia control, occupational optometry and community eye health.

### Graduate Diploma in Mathematics and Statistics (5659)

**Duration**: 1 year  
**Entry**: February and September  
**Estimated first year tuition**: A$43,200  
**Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band  

**Entry requirements**  
- A mathematics or statistics degree in a science and/or mathematics program, or a degree in a related area, sufficient mathematical/statistical background, and an average above 65% in third-year mathematics/statistics university courses or higher.  

Deepen the mathematics or statistics knowledge you gained in your undergraduate studies. The Graduate Diploma in Mathematics and Statistics is a flexible program intended to provide you with a degree involving a significant quantitative component. You can sample a variety of areas for specialisation in further study.

### Graduate Certificate in Mathematics and Statistics (7659)

**Duration**: 0.7 year  
**Entry**: February and September  
**Estimated first year tuition**: A$21,600  
**Minimum IELTS requirements**: 6.0 Overall, 6.0 in each band  

**Entry requirements**  
- A mathematics or statistics degree in a science and/or mathematics program, or a degree in a related area, sufficient mathematical/statistical background, and an average above 65% in third-year mathematics/statistics university courses or higher.  

Are you interested in a maths and stats degree with a significant quantitative element, such as Science, Engineering or Finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program aimed at deepening your knowledge from undergraduate studies.

### Master of Psychology (Clinical) (8256)

**Duration**: 2 years  
**Entry**: February  
**Estimated first year tuition**: A$43,200  
**Minimum IELTS requirements**: 7.0 Overall, 7.0 in each band  

**Entry requirements**  
- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis/project, with honours class 1 (85%) or equivalent.  

Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.

### Master of Optometry (8073)

**Duration**: 1.7 years  
**Entry**: February  
**Estimated first year tuition**: A$43,530  
**Minimum IELTS requirements**: 7.0 Overall, 7.0 in each band  

**Entry requirements**  
- Admission is limited to students with a minimum of a three-year undergraduate degree in optometry with a credit average (85%) or above.  

New and established practitioners with an undergraduate degree in optometry will benefit from the Master of Optometry, which aims to provide advanced knowledge and clinical skills in vision science. You will develop expertise in fields such as visual neuroscience, myopia control, occupational optometry and community eye health.

### Optometry and Vision Science

#### Master of Optometry (8073)

**Duration**: 1.7 years  
**Entry**: February  
**Estimated first year tuition**: A$43,600  
**Minimum IELTS requirements**: 6.0 Overall, 6.0 in each band  

**Entry requirements**  
- A mathematics or statistics degree in a science and/or mathematics program, or a degree in a related area, sufficient mathematical/statistical background, and an average above 65% in third-year mathematics/statistics university courses or higher.  

Are you interested in a maths and stats degree with a significant quantitative element, such as Science, Engineering or Finance? If you want to consolidate your mathematical background for further studies, the Graduate Certificate in Mathematics and Statistics is a short program aimed at deepening your knowledge from undergraduate studies.

### Optometry and Vision Science

Research

UNSW has an outstanding cohort of higher degree research students drawn from within Australia and internationally, and many of our graduates have become world leaders in their respective fields.

Our commitment to research-focused teaching and our close links with industry provide exceptional higher degree research opportunities.

If you are interested in undertaking research in an area of interest with one of our schools, please contact the relevant staff member below.

**Doctor of Philosophy (Research)**

- **Duration**: 3 - 4 years
- **Entry**: February, June and September
- **Estimated first year tuition**: A$44,400
- **Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Doctor of Clinical Research in Optometry (Professional Doctorate)**

- **Duration**: 4 years
- **Entry**: February, June and September
- **Estimated first year tuition**: A$44,400
- **Minimum IELTS requirements**: 7.0 Overall, 7.0 in each band

**Doctor of Philosophy/Master of Psychology**

- **Duration**: 4 years
- **Entry**: February
- **Estimated first year tuition**: A$44,400
- **Minimum IELTS requirements**: 7.0 Overall, 7.0 in each band

Entry requirements

- An accredited four-year, or three-year plus a fourth year, APAC-accredited sequence in psychology, including a major research thesis, completed within the last 10 years with honours class 1 (85%) or equivalent
- Psychology qualifications from overseas must include a major research thesis/project and must be assessed by the Australian Psychological Society (APS) as comparable to a four-year APAC-accredited sequence of study in psychology completed in Australia.
- Admission is based on the availability of adequate supervision and research infrastructure, academic merit, two referee reports and performance at an interview. Interviews are held at UNSW in late November/early December, but may be offered remotely in limited circumstances.

**Entry requirements**

- An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

**Entry requirements**

- An appropriate four-year bachelor degree with first or upper second class honours from UNSW; or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high quality thesis; or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee.

**Doctor of Philosophy (Research)**

- **Duration**: 3 - 4 years
- **Entry**: February, June and September
- **Estimated first year tuition**: A$44,400
- **Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Doctor of Clinical Research in Optometry (Professional Doctorate)**

- **Duration**: 4 years
- **Entry**: February, June and September
- **Estimated first year tuition**: A$44,400
- **Minimum IELTS requirements**: 6.5 Overall, 6.0 in each band

**Entry requirements**

## Career outcomes

**Business, Humanities, and Social Sciences**
- Advocacy specialists
- Business analysts
- Communication specialists
- Community development organisers
- Criminologists
- Development specialists
- Digital media specialists
- Diplomats
- Editors
- Foreign correspondents
- Government advisors
- Journalists
- Linguists
- Management consultants
- Media advisors
- Policy analysts
- Political advisors
- Public relations consultants
- Project managers
- Public sector managers
- Publishers
- Refugee and displacement advocates
- Research consultants
- School principals

**Engineering, Information Technology, and Science**
- Cyber security specialists
- Data analysts
- Data communication developers
- Defence contractors
- Engineers
- Information security managers
- Law enforcement specialists
- Logistics managers
- Management consultants
- Marine engineers
- Network consultants
- Project management consultants
- Project managers
- Research consultants
- Systems engineers
- Space engineers
- Space systems operators
- Technology and systems managers
- Weapons engineers

---

**EDUCATING LEADERS**

Working at the intersection of a leading university and a military academy, UNSW Canberra at the Australian Defence Force Academy has been educating leaders for half a century.

Our graduates shape Australia, the region and the international community as leaders in government, business and industry as well as defence.

We are regarded as a premier education provider excelling in teaching and research in all our disciplines, and our Defence and non-Defence students study with us from 42 countries around the world.

We offer fully online and intensive delivery mode study options for our postgraduate coursework students (Master by Coursework), and excellent facilities and a supportive and stimulating environment for our postgraduate research students.
### UNSW Canberra Postgraduate coursework programs

**Distance Mode (online)**: Distance students are not required to be physically present on campus throughout the semester. Distance Mode courses are often referred to as ‘online courses’, as the main method of delivering learning resources and assessment is via the online learning management system, Moodle. All coursework and Fortons on Moodle are asynchronous, so there is no need for you to be online at specific times.

**Intensive Delivery Mode (IDM)**: Students undertaking IDM courses will attend the UNSW Canberra campus for one full week of full-time, face-to-face instruction. The IDM periods are usually delivered at the start of each session, with the on-campus component followed by a period of online interaction and assessment via the online learning management system, Moodle. International students are required to obtain a visitor visas to Australia in order to attend IDM courses.

**Courses within the Master by coursework programs at UNSW Canberra are delivered through distance (online) and/or intensive (IDM) mode courses on a visitor visa to Australia.**

### Business

**Master of Business (8388)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Business aims to develop excellent managers for the private, public and not-for-profit sectors including defence. It provides students with an advanced understanding of business theory and principles that underpin effective management, business decision making and leadership as well as analytical skills they can use throughout their career.

### Capability

**Master of Capability Management (8399)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Capability Management gives students a high level of understanding of the issues associated with the development and management of capability and capability systems. It focuses on the technical and management factors that influence the design, performance, employability, logistic support and technical integrity of material systems to achieve capability requirements.

**Master of Decision Analytics (8634)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Decision Analytics is designed for students who want to develop a high-level understanding of the principles and practices of decision analytics and to strengthen their skills in this area. The degree allows students to acquire qualitative and quantitative decision-making tools for analyzing complex operations environments and making appropriate decisions within those environments.

### Cyber Security

**Master of Cyber Security (8628)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Cyber Security coursework degree provides detailed understanding of the technical skills and expertise needed for the technical implementation and leadership of the cyber security function. The degree provides principles gathered from information systems, systems engineering, computer science, network security and defence to enhance a career as a cyber security specialist.

Students can choose to complete the generalised Master of Cyber Security program or one of the following specialisations:

- Digital Forensics
- Advanced Tradecraft

### Engineering Science

**Master of Engineering Science (8659)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Engineering Science provides the opportunity to acquire high-level understanding and advanced analytical skills in areas that span the engineering disciplines as well as project management. There is strong emphasis on extending undergraduate skills and vocational experiences to enable graduates to apply high-level understanding to real-world complex engineering problems. It is a very flexible degree where students can acquire knowledge in different areas in engineering.

**Master of Logistics Management (8654)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Logistics Management (MLogMgmt) covers advanced logistics planning strategies, logistics life-cycle management, inventory management, contingency forecasting, distribution and reverse logistics. It also develops students' understanding of analytical tools and systems for information flow management, including big data analysis and business intelligence techniques.

### Logistics Management

**Master of Strategic People Management (8663)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Strategic People Management is designed to develop middle managers, particularly in people management. This degree provides you with an understanding of systems theory and its implications for implementation. As a manager you will then be better able to interpret organisational strategy and develop appropriate, people-focused implementation plans.

### Project Management

**Master of Project Management (8656)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Entry March and July</th>
<th>Estimated first tuition A$37,920</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>Distance (full-time equivalent)</td>
<td></td>
</tr>
</tbody>
</table>

The Master of Project Management provides students with an understanding of and advanced analytical skills in the key areas required to manage projects. There is a strong emphasis on extending skills and knowledge and vocational experiences to enable graduates to apply their high-level understanding to real-world problems within any industry.

**Offshore international students are not eligible for an Australian student visa for this program.**
**Public Leadership**

*Master of Public Leadership and Policy (8633)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Public Leadership and Policy concentrates on exercising and enhancing leadership in professional contexts ranging from government departments and statutory authorities, to educational bodies and training authorities, media organisations and advocacy groups. You will be able to combine courses focused on public leadership along with electives addressing broader issues related to local, national, and global policy.

**Security and Defence Management**

*Master of Security and Defence Management (8573)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Security and Defence Management is designed for defence, security and foreign affairs professionals who wish to gain a more detailed understanding of the factors shaping the contemporary strategic and security environment, the complex policy challenges they present, and the skills and insights required of astute managers within this context.

**Space**

*Master of Space Engineering (8622)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Space Engineering is designed for those who wish to develop a high-level understanding of the principles and practices of engineering related to space systems. Core courses cover topics such as Space Operations and Global Navigation Satellite Systems, while electives include Satellite Communications and Information Assurance Principles.

**Special Operations**

*Master of Special Operations and Irregular Warfare (8632)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Special Operations and Irregular Warfare is aimed at military personnel and those in the security policy community, including security contractors, who would benefit from a better understanding of special operations as a military instrument. This is the only degree of its kind in Australia, and is developed by Special Operations Command personnel in conjunction with UNSW academics.

**Strategy and Security**

*Master of Strategy and Security (8572)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Strategy and Security is designed for postgraduate scholars and foreign affairs, security and defence professionals who want to gain a deeper understanding of the factors shaping the global and Asia-Pacific security and strategic environments, as well as the complex policy challenges presented by the Australian government’s new security agenda.

**Sustainment Management**

*Master of Sustainment Management (8666)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of Sustainment Management provides students with an opportunity to develop a detailed understanding of the managerial and technical skills and expertise relevant to planning, acquisition and sustainment of complex technology and systems over their life cycles. You will also develop the ability to procure capability according to organisational strategy and to develop appropriate implementation and sustainable plans.

**War Studies**

*Master of War Studies (8571)*

Duration: 1 year by distance (full-time equivalent)

Entry: March and July

Estimated first year tuition: A$37,920

Minimum IELTS requirements: 6.5 Overall, 6.0 in each band

The Master of War Studies is an interdisciplinary degree focused on war and its effects. It is built around a central core of subjects in military history, with additional options addressing topics in strategy, international relations, security and literature. It hones analytical and interpretive skills within a wide range of military-related courses.
UNSW Canberra Higher Degree Research Programs

Students who would like to undertake a more thorough exploration of a field or topic can do so through a higher degree research program. Higher degree research programs at UNSW Canberra include the Professional Doctorate, Master of Philosophy, Masters by Research, and Doctor of Philosophy (PhD). The major component of a higher degree research program is a substantial written work (a thesis), which investigates a particular subject or issue. A research student works more independently than a postgraduate coursework student, but is under the direction of an academic supervisor or a supervisory panel of academic staff. Offshore international students are eligible for an Australian student visa.

Full details on all research programs, applications, scholarships and support services can be found at: [www.adfa.edu.au/study/postgraduate-research](http://www.adfa.edu.au/study/postgraduate-research)

### Research programs

**Master of Arts by Research (2406)**
- **Duration:** 1.5 - 2 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with honours from UNSW, or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

**Master of Business by Research (2223)**
- **Duration:** 1.5 - 2 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with honours from UNSW, or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

**Master of Engineering by Research**
- **Duration:** 1.5 - 2 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with honours from UNSW, or a qualification at a level from a tertiary institution considered equivalent by the Faculty Higher Degree Committee.

**Master of Philosophy**
- **Duration:** 1.5 - 2 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree in the relevant discipline from UNSW at a level specified by the Faculty Higher Degree Committee, or a qualification from a tertiary institution at a level considered by the Faculty Higher Degree Committee to be equivalent.

**Doctor of Information Technology (1743)**
- **Duration:** 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Life Sciences**
- **Duration:** 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Public Leadership (Professional Doctorate) (1751)**
- **Duration:** 3 - 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Public Management (Professional Doctorate) (1739)**
- **Duration:** 3 - 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Philosophy**
- **Duration:** 3 - 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Public Management (Professional Doctorate) (1739)**
- **Duration:** 3 - 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).

**Doctor of Public Leadership (Professional Doctorate) (1751)**
- **Duration:** 3 - 4 years
- **Entry:** February, June and September
- **Estimated first year tuition:** A$36,000
- **Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band
- **Entry requirements:** An appropriate four-year bachelor degree with first or upper second class honours from UNSW, or a completed masters by research from UNSW with a substantial research component and demonstrated capacity for timely completion of a high-quality thesis, or a qualification from a tertiary institution at a level considered equivalent by the Faculty Higher Degree Committee (distinction average or better).
Postgraduate coursework - how to apply

**Step 1**
Choose your program
Choose your program at international.unsw.edu.au or from our International Student Guide and make a note of the program code.

**Step 2**
Check your entry requirements
You need to satisfy your chosen program’s entry requirements (see from page 40 for the requirements specific to your program). You also need to satisfy UNSW’s English language requirements (see page 104 and visit www.edu.au/elp).

**Step 3**
Submit your application online
Submit your application at UNSW Apply Online apply.unsw.edu.au. Click ‘Register now’ and fill out your details. Upload your supporting documents and pay your application fee.

**Step 4**
Track your application
Once you have submitted your application you will be able to easily track its progress via your Apply Online account. You will also be able to upload any additional documents we need.
Once you have provided all the necessary documentation, it should take 2–3 weeks for UNSW to assess your application.

**Step 5**
We will send you a letter of offer
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer, or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated agent will also receive a copy of the email.

**Step 6**
Accept your offer
If you receive a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. Once you have accepted and paid your deposit, you will receive an electronic confirmation of enrolment (eCoE).

**Step 7**
Enrol online
Once enrolment for your degree is available, you can enrol in your degree and courses online at myUNSW my.unsw.edu.au.

---

Need help?
If you have any questions regarding your application, go to enquiry.unsw.edu.au.

**Other ways to apply**
You can also apply to UNSW at a conference or event where we are present, or through a UNSW agent located in your country. Find out more at international.unsw.edu.au.

**Application deadline**
We encourage you to submit your completed application as early as possible to ensure it will be processed in time for your preferred term. Some high-demand programs, such as Engineering and faculties with limited places such as Medicine, may have an earlier application deadline or may have an earlier commencement date.
For more information go to applyonline.unsw.edu.au.

**UNSW postgraduate coursework scholarships**
UNSW scholarships for international students provide financial support to cover some of the costs associated with studying at Australia’s global university. Scholarships recognise students who demonstrate academic achievement or other outstanding qualities such as leadership skills or contributions to the wider community.
To be considered for a scholarship, you must submit a separate application in addition to your admission application for UNSW.

**Other scholarship providers**
There are many scholarships offered by organisations other than UNSW including the Australian government, industry partners, and organisations in your home country.

**Australian government scholarships**
Australia Awards are international scholarships and fellowships funded by the Australian government offering the next generation of global leaders an opportunity to undertake study, research, and professional development. For more information, go to www.australiaawards.gov.au.

---

**Coursework scholarships**
A wide range of scholarships are available for international students.

**Step 1**
Search
Visit scholarships.unsw.edu.au. Make sure you select ‘International’ in the Residency search box to see the list of scholarships available to you.

**Step 2**
Register
Before applying for your chosen scholarship, first register an account by following the instructions on the page. You need to have lodged an application for admission at UNSW to be able to register and apply for a scholarship.

**Step 3**
Apply
To apply, log in using your registered login and password. Double-check the requirements as some scholarships may have specific questions or require supporting documentation.

**Step 4**
Submit
Submit your application by the due date. Don’t forget to check the website regularly for application deadlines and updates.

Higher Degree Research

UNSW is one of the world’s leading research universities, known for innovative, pioneering research that has global impact.

By enrolling in a UNSW Higher Degree Research program, you will join a vibrant research community conducting world-changing research, and you will be supervised by leading experts in your field. You will live and work like a career researcher at every stage of your degree. You can publish, teach or travel, network with or be mentored by high achievers in your field, and build the skills, expertise and networks you need to succeed in the future.

Why UNSW?
UNSW prepares you for a research career, not just a degree. When you join UNSW, you become an essential part of the research community and play a vital role in the University’s research culture, output and performance.

Our world-class researchers are pioneers in both established and emerging fields who solve complex problems and tackle some of the major challenges of our time. They mentor and guide you to conduct innovative research in an environment of excellence.

UNSW Sydney’s research facilities are some of the best in the business. From the world-leading Lowy Cancer Research Centre to the Mark Wainwright Analytical Centre, we invest in the latest technologies, spaces and equipment to support research excellence across all disciplines.

Through industry engagement, our Higher Degree Research candidates have the opportunity to translate their research in collaboration with a range of industry partners, including small to medium sized enterprises, entrepreneurs, investors, policy makers, community, and non-government organisations.

Our Graduate Research School delivers high quality, professional and engaged services to support Higher Degree Research candidates and the research training leaders who work with them.

Eligibility

Once you have decided to apply for a Higher Degree Research program, you must determine whether you are eligible for admission before submitting an application.

Use the UNSW HDR Self-Assessment Tool to determine your eligibility and your competitiveness for a scholarship at selfassessment.research.unsw.edu.au.

How to Apply

Step 1
Check your eligibility and complete the HDR self-assessment at selfassessment.research.unsw.edu.au.

Step 2
Choose a research area by investigating the research activities and projects already being undertaken at UNSW, and identify a faculty or school that aligns with your area of interest. Visit research.unsw.edu.au/finding-supervisor.

Step 3
Find a supervisor working in your research area and get in touch with them to gain their agreement to supervise you. Visit research.unsw.edu.au/finding-supervisor.

Step 4
Work with your supervisor to develop a description of your research interests, which should be approximately one page in length and outline how you plan to address a specific problem.

Step 5
Prepare your supporting documents - supervisor’s agreement, research proposal, resume, academic transcripts, financial declaration and proof of English - ready for submission. Visit research.unsw.edu.au/student-application.

Step 6
Submit your application online and apply for any relevant scholarship at the same time. Visit applyonline.unsw.edu.au.

Research scholarships

A wide range of scholarships is offered for international students.

Our scholarships

UNSW offers a wide range of prestigious scholarships. The scholarships provide benefits such as annual stipends, living allowances, and tuition fee cover, as well as funding and supplements for travel.

Eligibility

Full scholarships are only available to applicants who hold a four-year bachelor degree with Honours class 1 from an Australian institution, or an equivalent research qualification/ experience. This qualification must be in a field relevant to your area of research.

Apply

You can apply for a scholarship within your online research degree application.

Available scholarships

The UNSW scholarships available to international students are:

Australian Government Research Training Program (RTP)

International Scholarship

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The RTP also provides some additional allowances.

University International Postgraduate Award (UIPA)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The UIPA also provides some additional allowances.

Tuition Fee Scholarship (TFS) plus a Research Stipend

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or research masters with a tax-exempt living allowance provided by the faculty, school or supervisor, in addition to covering tuition fees for 3.5 (for PhD) or 2 (for masters) years. The TFS also provides some additional allowances.

UNSW and home country joint scholarships

Available to students from China, Pakistan and Chile. Visit research.unsw.edu.au/international-joint-scholarships for more information.

UNSW Scientia PhD Scholarship scheme

These are prestigious scholarships based on research merit, research potential, global impact and social engagement, and potential for career development. These awards provide successful applicants undertaking a PhD with a tax-exempt living allowance and an annual development support package, in addition to covering tuition fees for 4 years.

The Scientia PhD Scholarship scheme has different eligibility criteria and application process to other UNSW scholarships. For more information on how to apply for a Scientia Scholarship, please visit 2025.unsw.edu.au/apply/?interest=scholarships.

Visit research.unsw.edu.au/graduate-research-scholarships for more information.
Entry requirements

To gain entry to UNSW, you'll need to meet both the academic entry requirements and the English language requirements.

Academic entry requirements

To find out the academic entry requirements for your chosen degree, refer to the relevant entry in this guide. Alternatively, the UNSW Admissions Office can help you find out the specific academic entry requirements.

Contact UNSW Admissions

T: +61 2 9385 3656
E: admissions@unsw.edu.au
W: enquiry.unsw.edu.au

To gain entry to UNSW, you'll need to meet both the academic and English language requirements. Evidence of English language ability If English isn't your first language, you must provide evidence that your English language ability meets our requirements. You must submit results from an acceptable English language test taken in the last two years prior to starting study at UNSW. See our English language requirements policy at www.edu.au/elp.

International English Language Testing System (IELTS) - Academic

An overall minimum score of 6.5 with a minimum score of 6.0 in the sub-tests of listening, reading, speaking, and writing is required. Some UNSW Sydney programs require a higher score. For more information, visit www.ielts.org.

Test of English as a Foreign Language (TOEFL)

A TOEFL IBT overall minimum score of 90 (minimum 23 in writing, 22 in reading, listening, and speaking). Paper-based test: an overall minimum score of 577 with a minimum score of 5.0 in the Test of Written English. Some UNSW Sydney programs require a higher score. For more information, visit www.ets.org/toefl.

University English Entry Course (UEEC)

UEEC has been developed specifically for students who have received conditional offers from UNSW Sydney but do not meet UNSW Sydney English entry requirements. It provides outstanding preparation experience for academic study at UNSW. This course is offered by UNSW Global. For more information, visit languages.unsw.edu.au.

Pearson Test of English Academic

An overall minimum score of 64, with a minimum of 54 in each sub-score. Some UNSW programs require a higher score.

Other English qualifications

UNSW also accepts a number of English language tests and English preparation courses which can be undertaken to meet the university's English language requirements. For information about these qualifications and the full English language requirement policy visit www.edu.au/elp.

UNSW Global English language courses

UNSW Global English language courses are specifically designed to enable you to improve your English proficiency to meet the UNSW English language entry requirements and equip you with the academic skills to start your UNSW Sydney degree. The comprehensive range of courses covers academic English, general English, and professional English. All courses have been developed and are delivered by highly qualified and experienced specialist English teachers. Programs are popular, so we recommend you apply at least three months before your intended degree start date. For more information visit unswglobal.unsw.edu.au/english-language-courses.

University English Entry Course (UEEC)

This intensive English course is designed to help you get into your UNSW degree sooner. On successful completion of UEEC, you will meet the English language requirements of your chosen UNSW degree without having to retake an IELTS or similar English language exam. Course material is based on UNSW resources and is enhanced through online learning and teaching activities.

In UEEC, there is a focus on learning to use established academic conventions, producing complex academic texts, case analyses and reports required at UNSW, confidently participating in academic discussions and developing independent learning strategies.

Most UNSW programs require a minimum overall score of C+ with a minimum of C in the writing component or a minimum overall score of B with a minimum of C+ in the writing component. Some UNSW Sydney programs require a higher grade. For more information visit unswglobal.unsw.edu.au/english-language-courses/ueec.

Tertiary Orientation Program

If you already meet the English language entry requirements for UNSW but need to gain confidence or improve your English skills for an academic environment, you may want to take this intensive five-week course before starting your degree. It will also give you time to settle into Sydney, familiarise yourself with the university environment, and meet fellow students.

For more information, visit unswglobal.unsw.edu.au/english-language-courses/tp.

Estimating your tuition fees

Estimates for each program are outlined in the faculties and postgraduate programs section, starting from page 40. You can also calculate your own expected fees by referring to the table above.

Fees vary each year

Fees for programs change from year to year. The tuition fees above are for students in 2019. The fees for 2020 are indicative only; these fees may change during the program. Actual fees for 2020 will be released in late 2019.

Coursework program fees

A coursework masters program will require 48 units of credit (UOC) per year, a graduate diploma will require 36 or 48 UOC per year, while a graduate certificate requires 24 UOC. Most courses (subjects) are 6 UOC.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

Living costs

Living costs vary depending on each student’s requirements. We estimate a single international student will need a minimum A$2,000 per year to cover general living expenses. This does not include the costs of large non-essential items like electrical equipment or a car. In addition, you will need at least A$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas, and telephone connection fees, and basic furniture and household items.

Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the duration of your visa.

US financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more information, visit [international.unsw.edu.au/for-us-students](http://international.unsw.edu.au/for-us-students)

International student loans

If you are from Canada, Sweden, Norway, Denmark, or the UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to financialaid@unsw.edu.au.

For more information, visit [international.unsw.edu.au/financial-aid](http://international.unsw.edu.au/financial-aid).
1. Personal Details
If you have applied to UNSW before, what is your student ID?
Family name:
First given name:
Other given names:
Previous names:
Date of birth (day/month/year):
Gender:
Country of birth:
Country of citizenship:
Are you an Australian permanent resident? YES NO
If yes, provide your visa number:
Email address (compulsory):
Mobile (Cell) number:
Home number:
Work number:
Mailing address (This is the address the University may send all correspondence to):
Residential address (This is the address where you currently live. Please do not use a PO Box address): same as mailing address

2. Visa Details
What visa type will you hold during your studies? (e.g. student visa)
Are you intending to be in Australia for the duration of your studies?
If you currently have a passport, what is the passport number?
If you currently hold an Australian visa, what is the visa number? This information is required if you intend to submit your application for a student visa to a DHA (Immigration) office in Australia.

3. Program Preferences – you may nominate up to three coursework program choices.

<table>
<thead>
<tr>
<th>Preferred year of study</th>

<td>Full-time</td>
</tr>
</tbody>
</table>

Preference Program code
Program name: e.g. Bachelor of Commerce
Specialisation: e.g. Finance

4. Sponsorship
If your tuition fees will be paid by an organisation that has an established official sponsorship agreement with UNSW, please provide the details below. If you are being sponsored, you must submit documentary proof of your sponsorship agreement to UNSW.

I will be sponsored: YES NO
If yes, my sponsor details are: (organisation, country)

5. English Language Proficiency – for further details please visit, unsw.edu.au/elp

English is my first language. YES NO

OR the sole language of instruction and assessment in my degree or diploma (within the last 2 years) was English. Please note that these studies must have been for a minimum duration of one year full-time.

OR I hold a certificate of English proficiency from an approved test (e.g. IELTS or TOEFL) undertaken within the last two years.

This is NOT an application form. Please do NOT send this form to UNSW. To apply, please go to apply.unsw.edu.au.
Before completing the application form, please visit: www.unswglobal.unsw.edu.au for the Academic and English requirements. You can also apply through our online application form at apply.unswglobal.unsw.edu.au.

1. Personal details (as in passport)*

Given Names:

Family Name:

Date of Birth: / / (dd/mm/yyyy)

Country:

Nationality:

OR I will be sitting a test (test name): Test date: / / (dd/mm/yyyy)

Please note: If you are an international student and under 18 years of age on commencement of study, certain visa conditions apply.

2. Citizenship and Visa

Please select your citizenship status: □ Australian Citizen* □ Australian Permanent Resident or New Zealand Citizen* □ Australian Temporary Resident* □ International Student**

What type of visa are you applying for: □ Student □ Other

Have you been refused an entry visa to Australia or any country? □ No □ Yes (If yes, please attach evidence)

Please attach evidence of Australian Citizenship/Permanent Residence status. **Please attach a certified copy of the first page of your passport which shows your photograph. All international students on a Student visa will need Overseas Student Health Cover (OSHC). This can be arranged by UNSW Global in section 14.

3. Emergency Contact Details

For students under 18 years of age, please put your parent’s details here. For other students, you may choose either a parent or another emergency contact person – not your agent.

First Name:

Family Name:

Relationship:

Agent Contact Name:

Agent Email:

Agent Contact Phone:

Agent Contact Mobile:

Agent Contact Address:

Agent Contact City:

Agent Contact State/Province:

Agent Contact Postcode:

5. Agent Information

Are you applying through an agent? □ Yes □ No

Agency Name:

Branch Address:

Agent Contact Name:

Agent Contact Email:

6. Previous Study (only for Foundation Studies and Diploma)

Name of Qualification:

Name of Institution:

Country:

Date of Graduation: / / (dd/mm/yyyy)

Completion date: / / (dd/mm/yyyy)

Honours category (if relevant):

Are you seeking credit for any of the above tertiary study? □ Yes □ No

6. Academic Qualifications – Please complete the relevant sections

6.1 Secondary Qualifications (e.g. High School, Foundation) Note: If you are applying for postgraduate programs you do not need to provide these details.

Country in which you attended high school:

Name of school:

School year:

Result obtained (e.g. GPA or overall achievement):

6.2 Post-Secondary and Tertiary Qualifications

Study level (e.g. Diploma, undergraduate, postgraduate):

Country:

Name of institution:

Qualification awarded:

Dates of study: From / / (dd/mm/yyyy) To / / (dd/mm/yyyy)

Career area:

Are you seeking credit for any of the above tertiary study? □ Yes □ No

7. Other qualifications – if not relevant, do not complete this section

Please include details of other qualifications and/or memberships of professional bodies relevant to your application. e.g. Institute of Chartered Accountants (ICAA) or Engineers Australia (EAust).

8. Employment details: Complete this section if you are applying for a program that includes work experience as one of the criteria for admission.

You should provide details of your current/most recent employment here. Otherwise, leave this section blank.

Description of relevant positions:

8.1 Details of professional/management experience:

Company/Organisation:

Number of years of professional management experience:

9. Declaration and signature

I declare that the information disclosed on this form is correct and complete. I authorise the University to obtain information from any educational institution previously or currently attended by me. If any information supplied by me is considered to be untrue, incomplete or misleading in any respect, I understand the University may take such action as it believes necessary including the disclosure of the information to any person or body the University considers has a legitimate interest in receiving it and/or in communicating such disclosure. I understand the University reserves the right to vary or reverse any decision made on the basis of untrue, incomplete or misleading information. I have made this application having had access to sufficient information regarding UNSW programs, courses, fees, costs, facilities and services. I understand the University reserves the right to make alterations to any matter offered in this publication without notice and that this agreement does not remove my right to take further action under the Australian consumer protection laws.
